Hunt Obsession For Scotland Yard Detective

LONDON (AP) — For five years, Scotland Yard detective Tommy Butler pursued the man widely considered the mastermind of Britain's Great Train Robbery. The manhunt ended Friday when Butler coolly told his prey, "Good morning Reynolds."

Bruce Reynolds, standing in his pajamas at the head of the stairs, merely shrugged. Today he was to appear in court on charges of participating in the robbery.

For Butler the hunt had become an obsession that interrupted his retirement. It took him to Tangiers, Toronto, Rio de Janeiro, Hong Kong and Florida. It ended in the quiet south coast resort community of Torquay.

Caught Ray

Butler, 57, the hawk-nosed, sharp-jawed head of the Yard's Flying Squad, has built a reputation as one of her majesty's top policemen. It was Butler who arrested James Earl Ray, accused of slaying Dr. Martin Luther King Jr., at London Airport last June. In January Butler traveled to Toronto to capture another member of the train robbery gang, Charles Wilson.

Butler's pursuit of Reynolds led the Yard to bend its strict retirement-at-55 rule by two years. And Butler came to know a lot about the men he sought—how he walked, what he ate and what he liked to drink.

Three times he came within inches of arresting his man. But each time Reynolds, now 37, was able to give him the slip.

The hunt began on Aug. 8, 1963 when a gang believed to have been led by Reynolds stopped the Glasgow-London mail train and made off with more than 2.5 million pounds, then worth \$7 million.

Butler, who joined the force in 1933, was a detective in one of the 24 divisions which make up London's police force. Two months after the robbery, he was asked to become head of the Flying Squad and take over the job of finding the gang.

Reward Offered

In all 14 men were convicted, seven of whom are serving 30 years, the longest jail sentences in Britain this century except for the 42 years given master spy George Blake.

There was no indication that any of the train robbery money was found during the search of Reynolds' house.

About 10 per cent of the loot has been recovered and insurance companies have little hope of retrieving the rest. A reward of \$540,000 is still offered.

Now the hunt is narrowed to one man, Ronald Arthur Biggs, who escaped from jail in 1965 after being sentenced to 30 years.

They're betting at the Yard that Butler will get his man before his retirement in January, when he takes a new job as security officer for one of Britain's biggest banks.

Change Clocks, Residents Urged

Delta and Schoolcraft counties will wake up Sunday morning on Central Standard Time.

The change from the present Eastern Standard Time to Central Standard Time will be accomplished at 2 a.m. Sunday.

Delta County's Board of Supervisors set the time change policy in advance of Tuesday's general election, urging residents to turn clocks back to Central Standard Time Sunday, Nov. 10, if the statewide time referendum favored Daylight Savings Time.

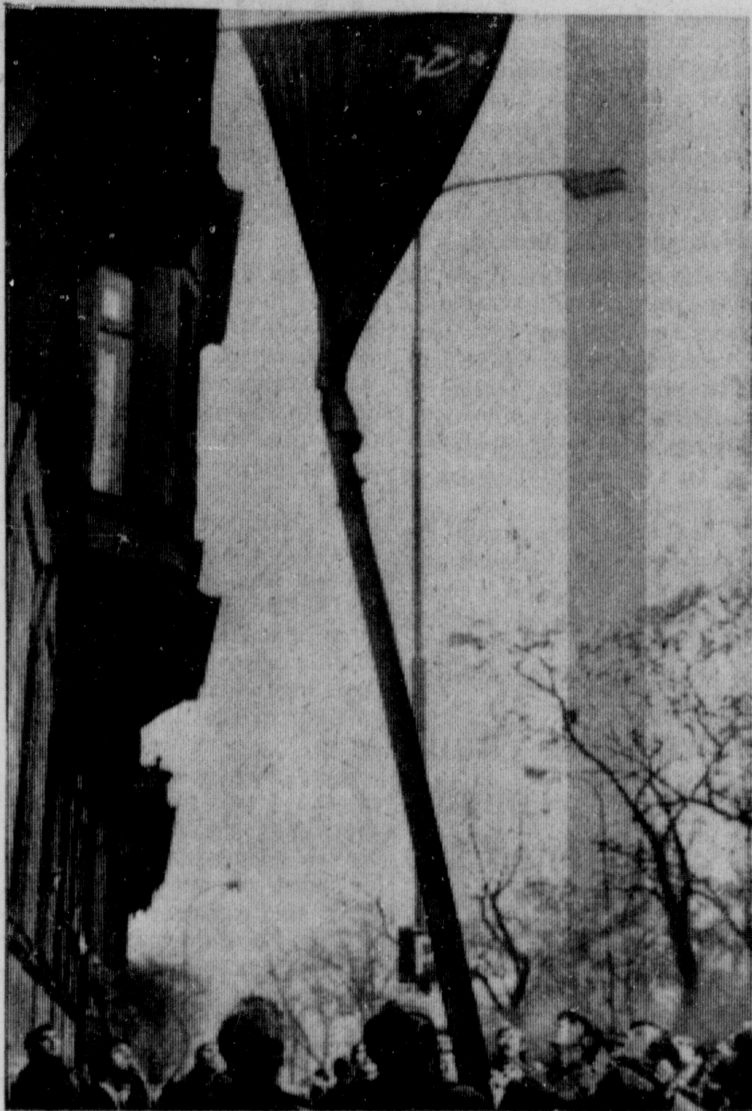

The Schoolcraft County Board of Supervisors and Manistiquette Council took action Friday to place Schoolcraft County on Central Time (see story, page 12).

The election upheld Daylight Savings Time and the federal Uniform Time Act which places the two counties in the Central Time zone.

Absentee Humor

ST. LOUIS (AP) — There was one absentee ballot the St. Louis Board of Election Commissioners didn't count Friday.

"Help," pleaded a note in a ballot envelope mailed from a serviceman. "I am being held prisoner against my will in an Army duffel bag."

A GROUP OF YOUNG CZECHS use a pole to try to pull a Soviet flag down from a building in Prague. The Russian flags were displayed around the city in honor of the 51st anniversary of the Bolshevik Revolution which brought communist rule to Russia. (AP Wirephoto via cable from Vienna)

Prague Students Plan New Riots

PRAGUE (AP) — Despite the threat of reprisals, Prague students said today they plan another anti-Soviet demonstration Nov. 17 which could lead to "a general student strike."

Student leaders at Prague University issued an appeal for mass participation, and called a meeting of student strike committees next Tuesday to map strategy.

The announcement came as Czechoslovakia's Communist party leadership said it would use "all legal means to insure that peace and order are preserved" and discussed possible new press curbs to satisfy the Kremlin.

Officials have been concerned that recent anti-Soviet demonstrations in Prague and Bratislava would bring Russian tanks rolling back into the streets.

Prague Radio and television broadcast an Interior Ministry statement Friday which acknowledged for the first time that such demonstrations occurred. It said 167 persons were arrested in Prague, Bratislava, Brno and Ceske Budejovice.

The ministry noted that Soviet flags were burned and anti-Soviet slogans were chanted. It said the demonstrations Thursday were actions of "irresponsible groups" and "fairly serious provocations."

Prague City council condemned the demonstrations as "politically extremely inappropriate."

Title Change

LANSING (AP) — Michigan's Department of Conservation will officially change its 47-year-old title to become the Department of Natural Resources as of Nov. 15. The name change is intended to reflect the widened scope of responsibility of the department, which has been expanded to cover such areas as tourism, water pollution control, aid to local recreation, waterways and boat and water safety.

War Focuses On Cambodian Front

SAIGON (AP) — The U.S. Command announced today it has moved an 18,000-man division from the northern frontier to the Cambodian border northwest of Saigon to root out 15,000 to 20,000 enemy troops reported massing for an offensive.

U.S. Headquarters said the 1st Air Cavalry Division will be fully operational by the middle of this month in Tay Ninh, Binh Long and Phuoc Long provinces, all next to the Cambodian border ranging 50 to 70 miles northwest of Saigon.

Already units of the division have killed 109 North Vietnamese troops along the frontier and the eastern fringes of War Zone C, the spokesmen said. The clashes occurred in the last few days, but news of the division's move was withheld for security reasons.

Radio Hanoi, meanwhile, said that North Vietnamese gunners shot down an unmanned U.S. reconnaissance plane 53 miles south of Hanoi. The broadcast

The government announced a one-month suspension of Reporter, the weekly magazine of the Czechoslovak Journalists Union, on grounds its contents were "inconsistent with Czechoslovak laws." The magazine has supported the reforms of party chief Alexander Dubcek and printed criticisms of the Soviet Union and the old guard Communists in Czechoslovakia.

The party presidium also warned other domestic newspapers and broadcast media about "their great responsibility for the course of normalization" and emphasized they should "actively support this course by their activities."

KEY BISCAINE, Fla. (AP) — Richard M. Nixon, with a fresh promise of help from Hubert H. Humphrey, started meetings with his running mate today to plot the course of the nation for the next four years.

Nixon scheduled breakfast with Vice President-elect Spiro T. Agnew, who flew to Miami Friday night and motored to Key Biscayne for one of the few times he and Nixon have been together since they were named to had the Republican ticket three months ago.

Agnew landed at the same airport where Humphrey, the defeated Democratic standard bearer, met with Nixon three hours earlier.

President-elect Nixon did not drive the 23 miles from his resort hideaway to meet Agnew.

GREETINGS
But Nixon did make the trip

Robert Weaver Next To Leave LBJ's Cabinet

WASHINGTON (AP) — Robert C. Weaver, first Negro Cabinet member in history, is expected to be the next top ranking official to quit President Johnson's service, following Undersecretary of State Nicholas Katzenbach and Secretary of Treasury Henry B. Fowler.

Katzenbach and Fowler handed in their resignations Friday becoming the first to follow the traditional practice of high presidential appointees whose boss is leaving office.

Weaver, secretary of housing and urban development, reportedly is planning to leave before the end of the year to become president of the Bernard Baruch School of Administration in New York.

Nearly all of the other top men say they plan to stay on until the inauguration of Richard M. Nixon or—as Atty. Gen. Ramsey Clark put it—"until the bell rings."

Nixon has not disclosed any of his Cabinet choices, but he said during the campaign that they might include a Democrat or two.

No member of the Cabinet in recent times has been held over by an incoming administration of a different party.

Agriculture Secretary Orville Freeman, one of the three holdovers from the original Kennedy Cabinet, plans to join EDP, a Washington-based computer consultant firm. Secretary of State Dean Rusk, who joined the Cabinet from the Ford Foundation, has told friends he wants to relax for awhile.

Latest Michigan Election Results

DETROIT (AP) — With all but 10 of Michigan's 5,576 precincts counted, the unofficial totals in the presidential race Saturday show Hubert Humphrey with 1,585,447 votes, Richard Nixon with 1,364,497, George Wallace with 327,361, and Eldridge Cleaver with 3,967.

This was 48.3 per cent for Humphrey, 41.6 per cent for Nixon, 10.0 per cent for Wallace and 0.1 per cent for Cleaver.

Nixon Programming His Administration

to greet Vice President Humphrey in what, to many of those present, represented an emotional reunion between two campaign foes now determined to hide their respective hurts and joys in the interests of proclaiming national unity.

Humphrey reported that during his 20-minute airport session with Nixon he had promised that where national security and foreign policy are concerned, "I will be as helpful as I can be within the limits of my experience and knowledge and, then, when and if times require that I can be of any help along the way... he can call on me."

Smiling bravely but looking tired, Humphrey also offered the ultimate concession to the man who bested him so narrowly in Tuesday's election.

Referring to Nixon, he said: "He's going to be our president, and I'm going to be one of his fellow citizens. And I'm going to want his presidency to be an effective presidency because as he succeeds, we all succeed."

Nixon spoke on much the same theme.

"Still Speaking"
"We will still have our partisan differences. But the place to start uniting this country is for the two men who led their parties in a very, very hard fight for the presidency and a very, very close result, the two men have met here and are still speaking to each other. We're still good personal friends," Nixon said.

The scene of their meeting was the Coast Guard air station at Opa-Locka, north of Miami. They got together in a simply furnished second-floor office after Humphrey and his running mate, Sen. Edmund S. Muskie of Maine, touched down in a two-engine prop-jet Air Force plane.

With their wives, families and friends in tow, Humphrey and Muskie stopped in Florida en route to a postelection vacation at Caneel Bay resort on the island of St. John in the U.S. Virgin Islands.

Hanoi Spurns Newest Peace Talk Formula

Expect Ousted Morse To Ask Vote Recount

PORTLAND, Ore. (AP) — Oregon voters turned Sen. Wayne Morse out of office after 24 years and replaced him with a vigorous young Republican but it took three days of ballot-counting to learn it.

The election of Robert Packwood, 36, became definite Friday.

Packwood's victory had seemed probable since shortly after the polls closed Tuesday but not until Morse's home county finished its counting of absentee votes was the outcome certain. He needed overwhelming support there and did not get it.

Even now the challenge is not ended. A recount demand by Morse is almost sure.

Packwood wound up with 405,573 votes to Morse's 402,035. The lead of 3,538 is .43 of one per cent of the votes cast.

It was Oregon's closest senatorial race since Democrat Richard Neuberger ousted Sen. Guy Cordon in 1954 in a cliff-hanger that took 48 hours of counting to reach a decision.

Packwood, a Portland lawyer, served three terms in the Oregon Legislature but was not widely known to the voters when he announced last February he was after the Republican senatorial nomination.

Few thought in the early campaigning he had a chance to beat Morse. But Morse had trouble in the primary with a popular opponent, ran into bitter opposition from some Democrats who thought he had let them down by supporting Republican Mark Hatfield for the Senate two years ago, and lost some of his labor support.

After a televised debate in October it was apparent that Packwood, an articulate speaker,

Robert W. Packwood

Wayne Morse

had caught the fancy of many independents and Democrats.

As ballot counting started Tuesday night, Packwood jumped in front. His lead sometimes wavered but never disappeared.

Morse was one of the two senators to vote against the Tonkin Gulf resolution which President Johnson says gave him the authority to wage the Vietnam

war. However, Morse's opposition to the war was not a major issue in the campaigning.

Packwood capitalized on what he called Morse's intemperate attacks on all who opposed him. He said on one occasion he was less opposed to some of the things Morse did than the way he did them. He said Morse had alienated his friends and was no longer an effective senator.

Missouri Still Election Tossup

By The Associated Press
Missouri is the last state in which the winner of its presidential electoral votes has not been determined, now that President-elect Richard M. Nixon has been declared the winner in Alaska and Vice President Hubert H. Humphrey has carried Maryland.

The outcome of the presidential election was not changed by any of the states reporting late. Nixon has won states with 290 electoral votes, 20 more than a majority.

The latest tabulation of total presidential votes shows Nixon with 30,721,046; Humphrey with 30,534,689 and George C. Wallace with 9,585,028.

Nixon is ahead by 7,622 votes in Missouri, according to unofficial returns, with about 100,000 absentee votes to be counted. The state has 12 electoral votes.

In Maryland, home state of Vice President-elect Spiro T. Agnew, Humphrey had 533,045 votes to 515,674 for Nixon and 179,859 for Wallace, with about 15,000 ballots to be counted.

In Alaska Nixon led Humphrey by 1,673 votes with over half the 8,000 absentee votes counted. The absentee vote was 10 per cent of the state's total. Nixon won a total of 34,788 votes there compared with 33,115 for Humphrey and 9,473 for Wallace.

Absentee balloting was not the only reason vote tallies are in-

complete in some states. Disputes over results at individual polling places, difficulty in counting paper ballots and delayed reporting from isolated areas all slowed things up. Late Alaskan ballots came in by bush planes, for example.

In all states but Missouri, the number of uncounted ballots is not enough to change the result, however.

Goodell Hints Of Negro On Cabinet

WASHINGTON (AP) — Sen. Charles E. Goodell, R-N.Y., said today he expects President-elect Richard M. Nixon to appoint a Negro to his Cabinet and emphasized it should "not just be a token appointment."

Goodell said he had no one in particular in mind, and he didn't single out which Cabinet post might go to a Negro.

"I think it would be a question of the man's qualifications," he said.

His comments came when he was asked at a news conference what he felt Nixon should do to unify the country.

Today's Chuckle

It takes a very conscientious man to tell whether he's tired or lazy.

But Solution On Cong Role Is Seen Soon

PARIS (AP) — Hanoi's rejection of a new peace talks formula proposed by South Vietnam posed more problems for the United States, but one neutral Western diplomat today predicted a breakthrough in "a matter of days."

The peace talks tangle centers around how President Nguyen Van Thieu's Saigon government and its guerrilla enemy, the Viet Cong, will be represented.

Thieu insists he will not join talks where the National Liberation Front, the Viet Cong's political arm, has an independent status.

He proposed Friday that there be just two sides to the talks, an allied side, led by Saigon, and a Communist delegation headed by Hanoi with the Viet Cong playing a subsidiary role.

Bunker Meets Thieu

In Saigon, U.S. Ambassador Ellsworth Bunker met with Thieu today for the first time since Oct. 31 when President Johnson announced the bombing halt, the U.S. Embassy announced.

Informed sources said the meeting was a continuation of Washington's efforts to get Thieu to join the talks with the NLF.

Earlier, in Paris, as members of the U.S. delegation consulted with Washington and the American Embassy in South Vietnam, Xuan Thuy, Hanoi's chief negotiator, rejected Thieu's plan.

"We agreed with the United States that there would be four delegations," he told reporters at a diplomatic reception at the Cambodian Embassy.

In Seoul, South Korean Foreign Minister Choi Kyu-hah said his country is acting as mediator to iron out differences between the United States and Saigon.

Korea Aids

He said his government's efforts were under way through diplomatic channels but did not elaborate.

The dispute resulted in a postponement of this week's regular meeting Wednesday.

Thuy said, "If the United States and Saigon want to be one delegation, that's their problem. But in that case there will be three independent delegations. Three delegations is all right. Four delegations is all right. But two delegations is not," he said.

Thuy declined to say whether he would sit down with a combined allied delegation with Saigon at its head. He seemed to be sticking to the four-party formula, emphasizing Hanoi's view that the Viet Cong is a local uprising in the South, independent of North Vietnam.

U.S. Is Silent

Thuy said he was insisting on a square table at the next conference to stress the physical separation of the delegations. He said a rectangular table, with the allies on one long side and the Communists on the other, was not acceptable.

U.S. officials in Paris remained silent on the matter.

Thuy also was asked at the reception how Saigon's intransigence in the face of U.S. pressure to end Thieu's boycott could be reconciled with Hanoi's charge that the Saigon government is a "puppet" of the U.S. government.

Dropping his customary smile, Thuy replied: "That is a biased question."

Hit By Bus

DETROIT (AP) — Paul Vincent Spatt, 33, of Detroit, was killed Friday night when he was struck by a bus while crossing a Detroit street.

Weather

ESCANABA AND VICINITY:
Mostly cloudy and cold today with chance of snow flurries, high 34. Tonight, mostly cloudy and colder, low, 24. Sunday, mostly cloudy, high 36. Monday outlook: partly cloudy and not as cold. High yesterday, 39 and low overnight, 30. Winds, northwest to north, 8 to 15 mph, becoming light and variable. Precipitation probabilities: today, 30%; tonight, 20%; Sunday, 20%. Sun sets today at 5:24 p.m. and rises Sunday at 7:41 a.m.

TWO FLINT POLICEMEN keep an eye on a sheep which pranksters cooped up in a boy's lavatory at Southwestern High School sometime during the night. The animal was reluctant to leave its new quarters, but finally was escorted out by a Humane Society officer. As in the case of the legendary Mary, it's against the rule to bring a lamb to school. (AP Wirephoto)

Upper Peninsula Still Not Uniform On Time Issue

Uniform Time Act provisions, plus a statewide referendum, have done little to create uniform time for the Upper Peninsula.

While Marquette County is going along with federal law and the decision of Michigan voters and Delta and Schoolcraft Counties are preparing to follow the same course, at least three U. P. counties are holding firm on the stand they took before the issue of daylight saving time was decided last Tuesday.

Here's the situation:

Eleven counties (Marquette, Delta, Schoolcraft, Menominee, Dickinson, Iron, Baraga, Gogebic, Houghton, Ontonagon and Keweenaw) will be on Central time after this Sunday—standard in the winter and daylight saving in the summer. Delta and Schoolcraft are changing back to CST Sunday.

Two counties (Chippewa and Mackinac) will be on Eastern Time—standard and daylight saving as the seasons roll around, in step with Lower Michigan.

One county (Luce) will remain on Eastern Standard Time the year-around.

One county (Alcona) hasn't decided yet what change, if any, it will make. It is now on EST.

No action has been taken in Alger, but County Board Chairman James Knox, Wetmore, said that the issue would be discussed at a regular meeting of the board next Tuesday night. Munising Mayor Rudy Kelto added that the city commission, if the county board acted, "no doubt will review the time setup at its next regular meeting."

Some officials of counties which formerly were on year-

round EST believe that many voters were confused when they cast ballots in the time referendum Tuesday. The Mining Journal has received calls from a few persons who said they did not fully understand the proposal, that they thought a "Yes" vote for daylight saving time would mean a return of Eastern Standard Time throughout the year.

Most counties cast a majority "No" vote on the time proposition, apparently indicating their preference for year-round EST.

The 7,000-vote "No" margin against daylight saving time for the Upper Peninsula, however, was not enough to offset the downstate vote in favor of DST. The unofficial statewide tally showed the proposal carried by about 27,000 votes.

Unemployment At 2 Year Low

DETROIT (AP) — With employment increasing by more than 24,000 within the month, Michigan's unemployment rate was down to three per cent as of Oct. 15, the lowest in 2 years, the Michigan Employment Security Commission reported today.

The national average for the period was 3.6 per cent.

The Detroit unemployment rate was only 2.9 per cent, also the lowest in two years, with increased automobile production schedules and settlements of labor-management disputes contributing to the number newly employed in the month ended Oct. 15.

MESC reported 101,000 in the state as unemployed Oct. 15 out of a labor force of 3.2 million. In October of 1966 only 75,000 were listed as unemployed.

Of the state's unemployed 48,000 were in the Detroit area, which had a 2.2 per cent rate of unemployment — the same as the state's — in October of 1966.

In addition to a gain of manufacturing jobs, MESC reported that government employment increased significantly through the settlement of teacher strikes outstate. It said almost all of Detroit's gain was in factory employment.

Birth Control

LOURDES, France (AP) — French Roman Catholic couples will be able to make their own decisions on birth control, the French Assembly of Bishops ruled Friday in a 10-page pastoral letter.

The statement said contraception is "always a disorder, but this disorder is not always sinful."

Approved by 111 bishops after three days of discussion and 698 amendments, the document gave French Catholics more latitude in obeying Pope Paul VI's encyclical which maintained the ban on birth control except by the rhythm method.

Plane Lands On Highway 141

WAUSAKEE, Wis. (AP)—A twin engine mail plane developed mechanical trouble on a flight from Lansing to Iron Mountain, Mich., Friday and made an emergency landing on Highway 141 near Wausaukee in Marinette County. The pilot, Firman Pinson of St. Louis, said the plane, carrying 2,500 pounds of mail, struck a utility pole wire and spun on the roadway. No one was injured, and the mail was transferred to a truck.

Train Robber Well Guarded

LINSLADE, England (AP) — Unprecedented security precautions barred all spectators as Bruce Reynolds was brought into a tiny village courtroom today for a five-minute hearing on charges of participating in Britain's Great Train Robbery.

Police with dogs surrounded the 37-year-old handcuffed defendant widely considered as the mastermind and leader of a gang that held up a train five years ago and escaped with more than \$7 million. Only about \$1 million of the loot has been found.

Reynolds, arrested Friday by Scotland Yard detective Tommy Butler, looked straight ahead during the hearing. He was ordered held in custody until another appearance set for Nov. 18.

This is standard British criminal practice. The police must produce their suspect in open court within 24 hours after charging him. For each working week they want to hold him for investigation, they have to bring him back before the magistrates to ask permission. The accused need not say anything, and Reynolds didn't.

HHH's Pension Is \$19,450

WASHINGTON (AP) — Vice President Hubert H. Humphrey will be entitled to full pension of \$19,450 under the congressional retirement plan when he leaves office Jan. 20.

Senate disbursing officials do not disclose pension entitlements but Humphrey's can be figured from the plan's formula, 2 1/2 per cent times his 20 years service times the \$38,900 salary averaged for his final five years in office.

Humphrey is entitled to full pension because he served 20 years, 16 as a senator and four as vice president, and is over 50. An aide confirmed Friday he has participated in the retirement plan.

The vice president has not announced future plans but University of Minnesota President Malcolm Moos told his board of regents Friday the school is interested in having Humphrey as a political science professor.

Post Offices Will Observe Holiday Hours

Post offices will observe regular holiday schedules on Veterans day, November 11.

Mail will be picked up from deposit points on normal holiday schedules, and processed for outgoing dispatch, but there will be no regular window or delivery services.

Special delivery service will be available, and post office lobbies in many cities will be open for mail deposit, access to lock boxes and purchase of stamps from machines.

FIRST QUARANTINE

The practice of quarantine was probably first imposed in Venice in 1374 by banning travelers suspected of having been infected with the bubonic plague.

RESTING IN THE maternity section at Grand Rapids Butterworth Hospital holding daughter, Denise Rose, Mrs. Paul Nalbach smiles at the newspaper account shown her by her husband of the unusual voting stop Tuesday morning. Having a woman in labor and waiting in line to vote is not normal and as soon as other voters realized the situation the Nalbachs were whisked to the front of the line. The baby was born 3 1/2 hours later. Why was she so determined to vote this year? "I just wanted Humphrey to win" she said. The Nalbachs also have two other girls. (AP Wirephoto)

Yule Party To Help Migrants

POWERS-SPALDING — Thirty members of St. Anne's Altar Society meeting Monday evening at St. Francis Xavier Parish Hall in Spalding heard reports on the Menominee County Denery workshop at Menominee Oct. 14 attended by 12 women of the society.

Mrs. Stanley Mazur spoke on the Organization Service Commission and Mrs. Lester Smka reported the Church Community Commission's urging that laymen read the Bible. Mrs. Edward Wiecech told of the mental health services available from the Community Affairs Commission and Mrs. Earl DuBois demonstrated the making of lepers' gowns from men's white shirts and told of the need for these garments by the International Affairs Commission. Lap and shoulder robes are also requested, and toys and school supplies are needed for the children of migrant workers.

Aid

MACKINAC ISLAND—Two hundred twenty Mackinac College students are getting financial assistance totaling \$377,650 in order to pursue their educations, according to Mrs. Adeline M. Johnson, financial aid officer.

The total assistance breaks down into four categories: Scholarships, \$112,650; Educational Opportunity Grants, \$40,000; loans, \$130,750; and parttime employment, \$94,250. All scholarships and grants are awarded according to financial need and academic performance.

Sources of scholarships are Mackinac College Scholarship Funds, \$82,000; Mackinac College Foreign Student Scholarships, \$30,000; Michigan Higher Education Authority, \$2,105; Vocational Rehabilitation Program, \$4,000; and the G. I. Bill, \$3,300. In addition, a number of students are receiving Sanger Music Scholarships, a fund established by the college last year as the result of a bequest by Miss Betsy Sanger.

Many students participate in various loan programs which include the National Defense Student Loan Program, \$55,000; State Higher Education Assistance Programs; United Student Aid Funds, \$20,000; Federally Insured Loans; Joselyn Foundation Loans, and the Canadian Student Loan Program, \$10,000.

The student parttime employment program is funded by the Federal College Work-Study Program, \$62,000 and by the college, \$32,000.

Gift

MACKINAC ISLAND—A first edition of Jonathan Swift's "Gulliver's Travels" called "Travels into Several Remote Nations of the World" and published in 1726 is among an estimated 400 volumes donated recently to Mackinac College's Peter Howard Memorial Library from the private collection of Mrs. Jerome Nelson of Mackinac Island.

VETERANS DAY - NOVEMBER 11

Ever wanted to 26,900,000? Of course not. Probably no human being ever has. But on November 11 Escanaba will be honoring 26,900,000 men and women who have served their country. . . and are continuing to do so. One way to reach them all is to show you're interested in veterans and their affairs. Take part in the observance. Veterans Day . . . November 11.

P-S Chamber Elects Officers

The Powers-Spalding Area Chamber of Commerce held an organization meeting on Oct. 28 at the Powers-Spalding Public School and elected nine directors: Willard Ledger, David Naser, Raymond Fazer, Walter Veraghen, Ted Dault, Robert Meintz, Walter Peterson, Frank Rubick and Dick Barker.

On Nov. 4 the board met at the Big R Cafe and elected as officers David Naser, president; Raymond Fazer, vice president, and Robert Meintz, secretary-treasurer.

The chamber will meet at 7 p. m. on the second Tuesday of each month.

It has under discussion the development of snowmobile trails in the area and a committee was appointed to make recommendations on the project at the December meeting.

Snowmobile Group To Meet Tonight At Gladstone Club

The Michigan Snowmobile Association Board of Directors will meet at 8 p.m. today at the Gladstone Yacht Club.

Art Vasold of Rapid River is a member of the board. Other U.P. members are Ray Frieberg of Marquette; Delmar Tervo, Wafefield; John Laux, Norway; Lynn Watson, Curtis; Grover Armstrong, Sault Ste. Marie; Nate Field, Drummond Island; and George Hansen, Marquette. Gerald Payne of Traverse City is president of the association.

John Kolb, 62, Dies In Milwaukee

Word has been received by relatives of the death at 3 a.m. today in Milwaukee of John Kolb, 62 after several years of illness. Mr. Kolb, who lived in Milwaukee at 4257 Turland Ave., was the husband of the former Rose Gregoire of Escanaba.

In addition to his wife, he is survived by two sons and six grandchildren. Funeral arrangements are incomplete.

Had Head On Rail: Unidentified Man Killed By Train

A man who raised up on one elbow and watched the approach of the Chicago & North Western Railway freight train that killed him in Escanaba Friday night has not been identified as yet, authorities said today.

The accident occurred at 8:17 p.m. on the North Western main line about one and one-half miles west of N. 23rd St.

"The man was lying with his head to the north and feet to the south. He was propped up on one elbow and watched us come," C&NW Brakeman Gerald J. Harris of Wells told Escanaba police officers.

Train Engineer Cecil Wery of Gladstone reported to officers that freight No. 39, eastbound toward Escanaba, was traveling about 30 to 35 miles an hour at the time of the accident.

Wery said he saw something on the track about 150 feet ahead and applied all of the brakes. "He was laying with his head on the north rail," Wery told police.

When the train came to a halt the man's body was found under the 20th car and the head under the 21st car. The arms and legs had been cut from the body in the passing over it of 20 railway cars, and the body was "mutilated beyond recognition," officers reported.

Apple Tag Days

Veterans of World War I and Auxiliary, Barracks 1128 are sponsoring "Apple Tag Days" to be held Nov. 12, 13 and 14.

The funds derived from the sale will be used for the benefit of World War I veterans, their widows, men in hospitals, and housebound veterans.

Commander Nelson Sorault said that members of Barracks 1128 and Auxiliary are directing attention of the public to "Apple Tag Days" as the time to remember "the boys of 1917 and 1918, who gave their lives or suffered injuries of war for their country."

Fishermen's Gripes Will Be Considered

LANSING (AP) — The State Conservation Department Fish Division chief Friday outlined some ideas being considered to quiet gripes by fishermen about handling of the past Coho Salmon fishing season.

Wayne Tody, in an understatement, told the Conservation Commission "There has been a certain degree of unhappiness" over some of the regulations for the 1968 season.

Tody proposed a four-point program for 1969. He said a public hearing will be held on the proposals Nov. 25 at Manistee.

Briefly Told

Wives of the Moose will meet at 8 p.m. Monday at Tim & Sally's.

Escanaba police have issued a traffic court notice to Leslie DeVet of Fayette for disobeying a traffic signal.

A car driven by Eva Porath, Rte. 1, Gladstone, struck a deer on County Rd. 420 about a mile south of M-35 in Escanaba Township about 7:30 p.m. Friday, State Police reported. She was not injured.

Armen Holmes, 39, Arnold, suffered minor injuries when she lost control of her car on wet pavement and ran off County Rd. 428 just north of Cornell Thursday, State Police reported. Troopers said she sought her own treatment for her injuries.

Daniel L. Gouin, 17, of 1921 9th Ave. N., was ticketed by Escanaba police after his arrest following a chase at high speed on Stephenson Ave. last night. Gouin turned off the car lights and ran but was later arrested and charged with careless driving.

Escanaba police are asking the cooperation of parents in warning their children against breaking windows and other acts of malicious destruction, after officers have received numerous complaints. The damage to windows has been particularly serious in the area of the 700 block, Stephenson Ave., police reported.

State Police of the Gladstone Post issued traffic citations Friday to Nathan Nordin, Bark River, expired operator's license; David Hewitt, Manistique, speeding; Dennis Rasey, Nashville, Mich., speeding; David Stevens, 1617 Lake Shore Dr., Gladstone, speeding, and Francis Kasum, Manistique, speeding.

VETERANS DAY - NOVEMBER 11
Ever wanted to 26,900,000? Of course not. Probably no human being ever has. But on November 11 Escanaba will be honoring 26,900,000 men and women who have served their country. . . and are continuing to do so. One way to reach them all is to show you're interested in veterans and their affairs. Take part in the observance. Veterans Day . . . November 11.

Leo Laviolette Receives K-C Life Membership

John W. McDevitt, Supreme Knight and member of the board of directors, New Haven, Conn., has announced the honorary life membership award to Leo J. Laviolette, 401 S. 11th St., initiated, May 2, 1937.

Honorary membership awards will be presented to Earl J. Brown, 1101 S. 6th Ave., initiated Jan. 15, 1923; and William J. Savageau, 502 S. 14th St., initiated March 22, 1942.

Members of Council 640 are asked to attend the next business and regular meeting, Monday evening, Nov. 11 at 8 at the Sherman Hotel building. Grand Knight Gene Marcantonio will preside.

Francis J. Cole

Economic Area Leader Named

Father Louis Cappel, chairman of the newly organized Western U. P. Economic Development District (comprising Houghton, Baraga, Ontonagon, Gogebic and Iron counties), announces appointment of Francis J. Cole as executive director.

The appointment was confirmed by the Western District Governing Board at a recent meeting when they also agreed on location of the district headquarters office and redevelopment center in the Houghton-Hancock area; specific address to be determined when Cole assumes his new position on about Dec. 10.

Cole comes from Streator, Ill., where he has been serving as executive director of the Streator Association of Commerce and Industry for the past four years. Prior to that he held similar positions in LaGrange, Ill., and Niles, Mich. He is a graduate of Northern Iowa University at Cedar Falls, Iowa, and a 1965 graduate of the Academy of Organization Management at Michigan State University.

The Western District Governing Board designated the Village of Ontonagon as an economic development center. Plans were initiated to set up local county offices where the director and his staff will work in their service to the counties making up the District.

Other matters covered at this meeting were: budgeting and county local shares to match on a twenty-five percent basis the Federal Economic Development District funding of the administration of the Western U. P. Economic Development District; appointment of Father Cappel as the District delegate to U.P.A.P. (Upper Peninsula Committee for Area Progress).

The next meeting of the District Organization will be in December after the Director is on the job.

Mrs. Chouinard Dies On Friday

Mrs. Frank (Edith) Chouinard, 80, of Riverland location, Escanaba Route 1, died at 10:45 p.m. on Friday at St. Francis Hospital. She had been seriously ill for the past four years.

She was born Feb. 29, 1888 in Escanaba. For the past 30 years she had lived in Danforth.

Mrs. Chouinard was a member of the Holy Family Church, Flat Rock, and of the Holy Family Altar Society.

Surviving, in addition to her husband, are one son, three daughters, 24 grandchildren and 23 great-grandchildren. The children are: Arthur, at home; Mrs. Lloyd (Celia) Sodergren Sr., Danforth; Mrs. Altona (Violet) Greenwood, Escanaba and Mrs. Hubert (Lorraine) Irving, Danforth. There is also one brother, Henry Toupin, Escanaba and three sisters. The sisters are: Mrs. Patrick (Mary) Nadom, Escanaba, Mrs. Dona (Irene) Marenger, Gladstone and Mrs. Celia Thiel, Grand Blanc, Mich.

The body was taken to the Alto Funeral Home where friends may call from 3 to 9:30 p.m. on Sunday. Parish prayers will be at 7:45 Sunday evening.

Funeral services will be at 10 Monday morning at Holy Family Church, Flat Rock, with Rev. Raymond Przybylski officiating. Burial will be in the Escanaba Township Cemetery.

County To Get \$154,000 In Highway Funds

Third quarter motor vehicle highway fund collections are being distributed to Michigan counties, cities and villages, the State Highway Commission announced today.

Henrik E. Stafseth, state highway director, said net receipts in July, August and September totaled \$66,965,812, an increase of \$10,834,206, or 11.9 percent more than the same period of 1967.

Most of the increase is attributed to the cent-a-gallon increase in the gas tax which took effect last Jan. 1.

Delta County's share is \$154,245 while Escanaba will receive \$38,061.

The motor vehicle fund includes all state gasoline and diesel fuel taxes, and license plate fees.

The share for other counties in this area is Alger \$76,429, Dickinson \$116,556, Luce \$68,767, Mackinac \$92,391, Menominee \$159,399 and Schoolcraft \$74,810.

Cities and villages in this area will receive distributions also:

Chatham \$1,298, Daggett \$1,798, Garden \$1,394, Gladstone \$15,083, Manistique \$11,391, Menominee \$28,815, Newberry \$6,851, Munising \$10,525, Powers \$1,802 and Stephenson \$3,273.

Obituary

JOHN BALTHAZORE
Funeral services for John L. Balthazore, 34, will be held at 9 a.m. Tuesday with the Rev. James Pepin of St. Patrick's Church officiating. Burial will be in Gardens of Rest Cemetery.

Air Passenger Traffic Jumps 40% Here

Month by month and year by year the volume of passenger traffic at the Escanaba Municipal Airport continues to climb, with the number of passengers for the 10 months of this year now 40 per cent above the same period a year ago.

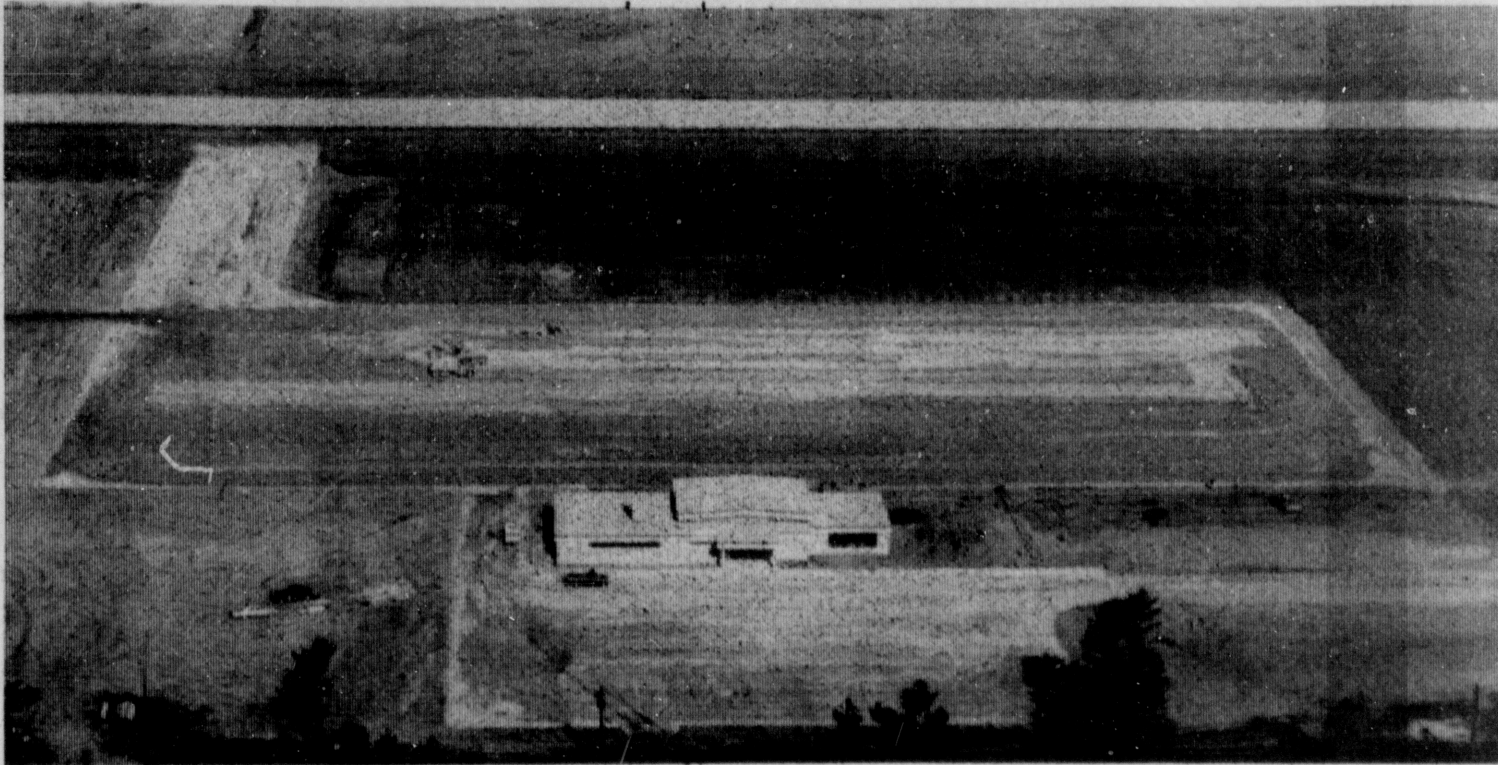

Records compiled by Jon Thorin, airport manager, and filed with City Manager George Harvey, tell the story of impressive growth in passengers served by North Central Airlines at the Escanaba airport.

The increase has been remarkable this year and all records for volume are being broken, as the monthly figures show:

Month	1968	1967
January	1,381	1,075
February	1,460	944
March	1,509	1,251
April	1,623	1,142
May	1,899	1,291
June	2,191	1,487
July	2,116	1,477
August	2,416	1,843
September	2,239	1,481
October	2,193	1,422
November	1,355	1,354
December	1,364	1,364
Totals	19,027	16,132

With two months yet to go before year's end, it may be conservatively estimated the 1968 total will be around 24,000 passengers — a gain of some 8,000 over last year.

The increasing volume is not month by month so far this

BLACKTOP PAVING of the taxiway and apron that provides approach by plane to the new Escanaba Municipal Airport terminal will be delayed until next spring because

of weather conditions. This aerial view looking north shows the airport to be improved. (Daily Press Photo)

year — 608 more in May, 573 more in August, 758 more in September, and peaking at a monthly gain of 771 in October.

The gain for the 10 months totals 5,614 over the same period a year ago, or about 40 per cent.

Arrival of cold weather has brought a halt to blacktop paving

that had been planned at the airport this fall, causing a deferment to next spring in the airport development program.

"There's too much money involved in these paving improvements to risk doing a bad job because of the weather," said City Manager Harvey. The postponement was also advocated

by engineers of the Michigan Aeronautics Commission. Other work on the project is continuing.

Involved was the paving of the apron, the taxiways and the extension of the east west runway westward to provide the length of runway necessary for North Central Airlines to begin

jet passenger plan service.

The postponement of the paving will make it impossible for the public to begin using the new terminal building at the airport until next spring, which the city manager said is unfortunate because the terminal is virtually completed.

How the volume of passenger

traffic has grown over the past several years is impressively shown in the statistics:

Year	Passengers
1963	10,101
1964	10,207
1965	12,671
1966	14,358
1967	16,132
1968 (10 months)	19,027

Although there is delay in the airport development project, it is giving the community time to plan well for a gala airport dedication program and Fourth of July celebration in 1969, said Harvey.

Claude J. Tobin, the dedication committee chairman, is already at work with his committee in preparation for an event that is expected to bring crowds from miles around—the appearance of one or the other of those daring jet stunt and formation flyers, the Navy Blue Angels or the Air Force Thunderbirds. Tobin is confident the committee will be able to get one or the other.

Other civic groups are expected to become involved in sponsoring other aspects of the Fourth celebration.

Industrial Change

Walter Harnischfeger, chairman of the board of directors of Harnischfeger Corp., was asked on a recent visit to Escanaba if his firms are affected by the current mergeritis epidemic in American industry.

"We get offers every day," he said.

The company listened to one of the offers and as a result its directors have agreed in principle to acquisition of all the facilities of its Welding Products Division except its Escanaba welding machine plant. The other facilities are in Monticello, Ind., Leola, Penna., and Charlottesville, Va.

The sale makes good sense for Harnischfeger and for Chemetron Corp., of Chicago, which will acquire the P&H Welding Products Division facilities. It will permit Harnischfeger to concentrate more on its basic specialties, heavy overhead cranes and construction and mining equipment, and it will give Chemetron production of welding machines and supplies which it is now selling but not manufacturing itself.

The change is seen by the United Auto Workers union and by the company as strengthening job security at the local welder plant, which Harnischfeger did not dispose of in the transaction.

Chemetron is a producer of industrial and medical gases, chemicals, metal products and process equipment for various industries. It has 7,700 employees — more than Harnischfeger — and did \$230 million business last year. The acquisitions from Harnischfeger put Chemetron into the business of manufacturing welding machines and wire feed mechanisms which it previously only marketed, and fills out its steel and alloy electrode lines.

That Harnischfeger did not include the Escanaba welder plant in the transaction suggests several things:

1. That Harnischfeger values the work force in the welder plant more than it does the plant itself, which is not the most modern in the industry.
2. That it judged that the plant and its people would fare best — and hence the community, too — if it retained ownership of the operation and sold the welding machines it produces to Chemetron. This would avoid a competitive judgment on the plant's continuance.
3. It would also be in line with Harnischfeger's steady growth for 20 years in Escanaba. President Henry Harnischfeger said sale of the Escanaba plant "would not be conducive to achieving our long range growth objectives for the Harnischfeger Escanaba operations."

These operations are currently in the process of huge expansion at the Harnischfeger construction equipment (truck crane) plant in Escanaba where a doubling in size is scheduled to permit a tripling of production.

Harnischfeger's handling of its Welding Products Division sale has maximized its involvement in Escanaba and kept the strongest position for its growth here. It has also bolstered the prospects of the welder plant, which has been selling 40 per cent of its production not under the Harnischfeger label, but under the private labels of other nationally known sales organizations.

"The biggest plus factor for the welder plant," said Manager Jack Williams "is that we have relied heavily on private labels for sales and our employees have gained a lot of respect for this business. It gives us a larger base for stabilizing our operations with a backlog of orders."

The change appears promising from all views.

BARBS By PHIL PASTORET

Youngsters who write "teacher's pet" on other kids' lockers had better not forget that apostrophe, or it's the teachers who will be after the culprits, not the kids.

We discovered — we thought — a new use for three-day-old pizza, but guess that the tire companies beat us to it by a few decades.

The fellow with a well-developed bump of curiosity deserves it.

Michigan State Medical Society Cooperating Legislators Study Law On Body Part Transplants

The Michigan State Medical Society has pledged its support to the new Michigan Legislative Committee on Transplants of Human Body Parts.

The medical society has informed the committee chairman, Senator N. Lorraine Beebe, that its members who are well informed in this field are available as resource persons, and that its extensive files of technical reports and scientific papers are at the disposal of the committee.

MSMS also helped arrange for Senator Basil Brown, who introduced the resolution creating the committee, to attend a special American Medical Association-sponsored program in June on "The Limits of Medical Responsibility in the Prolongation of Life."

"The MSMS concern for prolonging life through scientific advances is the basic purpose of this professional society of physicians," explains Dr. C. Allen Payne, of Grand Rapids.

Transplant Study

The Michigan Legislature on Jan. 11 adopted a resolution to create the Special Committee on Transplants of Human Body Parts to report to the 1969 Legislature.

The special committee has been appointed to include five senators and five representatives, with Senator N. Lorraine Beebe as chairman and Representative William L. Jowett as vice-chairman.

The legislative resolution praised the recent successes of surgical transplants of human body parts for bringing "new hope for all in the never ending battle against disease and accidents," and pointed out "that the same successes raise new legal and moral questions for which answers do not presently exist."

Attorney General Frank J. Kelley in May called for action to give firmer legal foundation for heart transplant operations in Michigan.

He declared that "the major task of the law is to facilitate the supply of anatomical parts needed for medical education and transplant purposes."

Law Must Help

Kelley said, "If science can make the startling breakthroughs that it has in the transplant area with the difficult problems it was required to surmount, certainly we can make the necessary efforts to make the law a more helpful tool in this life-saving process. We certainly have the obligation to try."

"New legislation providing more definite rules is necessary," Kelley said, "if we are to facilitate transplants through donation by the deceased survivors."

He reported that there is no Michigan legislation regulating consent of the deceased's survivors to removal of organs for transplant purposes. He pointed out, "however, a criminal statute which makes it a felony to mutilate any portion of a dead body without lawful authorization does set some limits."

Conference Needed

The attorney general indicated that possible new legislation should be "passed after lawyers, doctors and other concerned and informed citizens have played a part in giving it content."

Kelley suggested three possible areas of change. "First, the law should provide a legally authorized and regulated method by which living donors may donate all or part of

Sirhan Sirhan Running Up Bill

LOS ANGELES (AP) — It cost \$285,949 through Sept. 30 to jail and start prosecution of Sirhan Bishara Sirhan, charged with the June 5 slaying of Sen. Robert F. Kennedy, the county says. Sirhan's trial is scheduled for Dec. 9.

Auditor-Controller Mark Bloodgood set the figure Thursday in a memo to a county supervisor. Much of the cost was attributed to alterations at the Hall of Justice and jail to protect Sirhan and to preparation of a small courtroom for the trial. Overtime for sheriff's deputies to guard Sirhan, 24, a Jordanian, was listed at \$82,242.

House Candidate Has New Idea

LANSING (AP) — Rep. Albert R. Horrigan, D-Flint, Thursday announced his candidacy for speaker of the House of Representatives—and made the unusual suggestion that the speaker ought to be elected by members of both parties.

The speaker is usually chosen in caucus by the party in power and then voted on by the full House. However, members usually vote along strict party lines and the outcome is rarely in doubt.

Horrigan said the full House should decide because the speaker "is going to have bipartisan support on legislation."

Democrats won control of the House by a four seat margin in Tuesday's election. Republicans control the Senate.

Opening lead—♠ A			

East's two heart call was one of those weak two bids that are almost standard equipment for our modern experts. The bid shows a good six-card suit but not enough high card strength to open with a bid of one.

South's two spade bid was a normal and very sound overcall. West's two no-trump call was a forcing bid. He was trying to discourage further spade bids by North and South but he did not succeed. North raised to three spades anyway and South continued to four.

West continued to four no-trump as a further effort to confuse matters. He succeeded admirably in his purpose, but unfortunately it turned out that his partner was confused, not North and South. East decided that his partner was hiding an unusual type of no-trump to ask for any sort of minor suit holding so East tried five clubs. South went on to five spades and West passed this around to his partner who doubled.

If West had just opened a heart against the spade contract he would have been very happy with the result. South would surely have gone down and probably at least two tricks, but West had fallen for his own deception. He led the ace of clubs and continued. Dummy's 10 knocked out East's king. South ruffed, drew trumps, discarded his three hearts on dummy's good clubs, lost the diamond finesse and claimed the rest of the tricks and his contract.

"Well," said East to West, "you certainly played brilliantly but with conspicuous lack of success."

Questions And Answers

Q—Who was the last American to be awarded the Nobel Peace Prize?

A—Dr. Martin Luther King Jr. in 1964.

Q—What is the official date for the beginning of broadcasting?

A—Broadcasting is generally conceded to have been started by Station KDKA, Pittsburgh, on Nov. 2, 1920, when that station broadcast the Harding-Cox election returns.

Ann Landers Goes Well With Her Wearing The Pants

Dear Ann Landers: That dame who signed herself "Hazel Nuts" is nuts all right. She said if more women would quit complaining at bridge club about how their husbands snore and watch TV in their shirts, there'd be fewer divorces. She also recommended as an aid to keeping marriage together, "Wash the guy's hair and tell him how wonderful he is."

I don't have time to go to bridge clubs or wash my own hair, let alone my husband's. And I don't need to tell him he is wonderful. He knows I care about him because of the way I treat him.

The trouble with most American husbands is that they have been spoiled by their mothers and then their wives take over from there. My husband was a mama's boy and when he asked me to marry him I said, "If you want to be pampered and babied, you'd better stay with your mother. I won't do it. He was 29 years old and I knew his mama had spoiled him. We had a solid understanding before we married and I told him what I expected and he has kept his word."

We have three sons of our own now and my husband has told me a dozen times that he never grew up until he married me. No truer words were ever spoken. — TUFFY

Dear Tuff: I know who wears the pants in your family — and I'm not knocking it. You sound like you're getting along fine, and that's what counts.

Dear Ann Landers: Please print this for all women who work and must hire someone to take care of their children.

When my boys were young I held a high-paying job which I hated to give up. I remember so well dropping them off every morning at 8:30 a. m., at "Mama Gertie's," thinking, "Boy, she has a sweet thing going; stays home all day and makes all that money." (Mama Gertie had two small children of her own. She kept my two and five others.)

After two years I quit my job to make some of that "easy money." I learned that some mothers can get so busy cock-tailing they forget they have kids. Other mothers just assume it's O.K. to go to dinner with

friends and not call to say they won't be by to pick up Suzie. I could never make plans for an evening because I was responsible for those youngsters so long as they were in my home. The "day" care ran anywhere from 9 to 16 hours.

Some mornings the children never came. I had no advance word they were spending the day with Grandma, or Dad was taking them to the country. At the end of a year I happily gave up the "easy money" and went back to work.

Now when I leave my children off at "Aunt Alice's," I feel like kissing her. If any of you gals have a reliable person who takes care of your kids during the day, treat her like the jewel she is. — LAPORTE

Dead LaPorte: I hope they heard you out there — loud and clear.

Confidential to All In Her Head: Perhaps it started in her head but it has settled in her stomach. Your wife needs medical attention now and later she should get psychiatric help.

Give in or lose him... when a guy gives you this line, look out! For tips on how to handle the super sex salesman, check Ann Landers. Read her booklet, "Necking And Petting — What Are The Limits?" Send your request to Ann Landers in care of your newspaper, enclosing 50c in coin and a long, stamped, self-addressed envelope.

Ann Landers will be glad to help you with your problems. Send them to her in care of this newspaper, enclosing a self-addressed, stamped envelope. Copyright 1968, Publishers-Hall Syndicate

Yorty Magic

LOS ANGELES (AP) — As mayor, Sam Yorty holds the top city job—but he was elevated briefly Thursday.

Yorty stretched out on a bench resting on two chairs, and a magician pulled the chairs away. While Yorty lounged, apparently suspended in air, 150 spectators applauded the stunt on the steps of City Hall. Yorty then proclaimed today as magical academy awards day.

Recreation Projects In U.P. To Need Millions

By JEAN WORTH

MARQUETTE — What the Upper Peninsula can do in the recreation business — usually identified as the tourist business — got its most thorough inspection yet at the Holiday Inn here on Thursday evening and all day Friday in a conference sponsored by the Upper Midwest Research & Development Council.

Hugh Galusha, president of the Federal Reserve Bank of Minneapolis, who was the keynote, presiding officer and summation speaker, said that "the future is a very bright one — things are moving" but the sessions showed some shadows as well as the bright glints that came from reports of experts from Rhode Island to Colorado that the recreation business is very big business already and shaping up into huge size for the future.

Ernest Ronn of Negaunee, chairman of the Michigan-Wisconsin Executive Committee of the Development Council, which sponsored the conference, is an official of the United Steelworkers. As a unionist, he said, he has confidence in the recreational business' future. Many members of the Steelworkers Union have 13 weeks of vacation in one year of five and two to five weeks the rest of the period.

Stronger Demand

"Plus a vacation bonus on top of vacation pay," said Ronn. "Labor organizations are interested in recreation and tourism. I think we're going to see stronger pressures on recreation facilities."

The Development Council brought a distinguished group of recreation industry leaders to suggest how Northern Michigan and Wisconsin could cash in on this big new business of providing recreation in a country with more money to spend and more leisure time in which to spend it.

In New Inn

It was symbolic that the conference was held in the \$2 million new Holiday Inn. It is in the new dimension of recreational establishments and the conference's chief concern was in the way in which such investments — previously regarded as beyond small city means — can be financed.

The most significant report of the conference was the growing stature of recreation business as a bankable, profitable business with a growing image in the investment market. Adolph T. Schmidt, executive director of the Rhode Island Development Council, told the 150 conferees how his little state had progressed from a successful \$40 million industrial development project with state guaranteed loans in 10 years to a new program of state guarantee on loans for recreational development.

Michigan Moves

Eleven projects (motel, inns, etc.) have used the state's \$5 million in loan guaranty authority and now the legislature is being asked for \$20 million more.

Michigan and the other Lake States have no comparable program to stimulate recreation business investment by guaranty against losses, but the awakening interest in recreation development is indicated in Michigan by the passage on Tuesday of \$435 million in bond issues for conservation and recreation.

Arthur T. Lenroot, Milwaukee, director of underwriting for the Mortgage Guaranty Insurance Corp., described the great changes underway in the financing of recreational homes as seen by a loan guaranty officer. Many persons are buying second homes for retirement homes; many persons are investing in condominiums which give them a second home in a recreational complex which is an income item for them when they're not using it, because it's rented out.

Richard J. Lewis, president

SHOWN AT tourism financing conference at Holiday Inn Marquette Thursday and Friday, are, standing from left, Richard J. Lewis, president of the American National Bank & Trust Co. of Eau Claire, Wis.; B. J. Myler, president of Marquette Chamber of Commerce, and Ernest Ronn, Negaunee, chairman of the Michigan-Wisconsin Executive Committee of the Upper Midwest Research & Development Council; seated from left, Hugh D. Galusha Jr., president of the Federal Reserve Bank of Minneapolis, and Adolph T. Schmidt, Providence, R. I., executive director of the Rhode Island Development Council.

of American National Bank & Trust Co., Eau Claire, Wis., and a member of the sponsoring committee, said local banks in Wisconsin and Northern Michigan lacked the leaning capacity to finance the large motel, resort, marina type projects coming up in the new era of recreation development.

He described a Howard Johnson Motel project in Eau Claire which cost \$1.3 million and which needed \$800,000 of financing. "No Northern Wisconsin bank could touch it (alone); it was two or three times individual banks' loaning limit," said Lewis. The 1st Wisconsin National Bank, Lewis's bank and a building and loan association finally cooperated in the financing of the project. The pattern has been repeated in other projects.

Littleness On Spot

It is not unknown in the U.P. and seems likely to become commonplace, because Lewis and others said that small city banks can get aid on loans from their big city bank affiliates, but that the latter don't like long term loan commitments and there's no good prospect of quick payoff of loans of such size.

"I guess," said Galusha "the day when you could start a recreation business from scratch is drawing to a close because of the money involved. The public wants facilities of broad range and operators are stuck with high costs."

D. Ned Linegar, manager of the Estes Park, Colo., Chamber of Commerce described income projections to the year 2000 and said, "We're going to have to go after the high income people (40 per cent of American families will be in the \$10,000

to \$20,000 annual income range) and invite them to small towns, because that's where people will want to go when 83 per cent of the country is urbanized (cityfied); people will want a second town as well as a second home."

U.P. Recreation Loans

William R. Jeeves, branch manager of the Small Business Administration office in Marquette, said it had made loans of \$1.5 million for recreation projects, mostly to "expand" and "upgrade" existing facilities and not create new ones.

"I don't suggest," he said "that we can support a multitude of large recreational complexes, but the Upper Peninsula can support more than the Mom and Pop type of establishments."

Robert Eastman, Washington, Bureau of Outdoor Recreation, said that the private sector in the burgeoning recreation business still is a cloudy element but that the Bureau estimates that there are 3 million full time and part time enterprises in outdoor recreation and that their half billion acres of land are more than all the public (governmental) recreational lands. We are not, he said, as well prepared as we might be as a nation to meet the demands of the growing recreation business.

"We're going backward (in provision of recreation facilities to meet public demand)" said Maurice Costello, Spooner, Wis., restaurant operator and a director of Wisconsin Indianhead Country, Inc. He saw federal financial aid as a necessity for recreational facility growth, but said that local communities with a recreational potential had to upgrade their thinking about it, too.

FBI Solves Two Robberies

DETROIT (AP) — The Federal Bureau of Investigation announced Friday a man had been taken into custody in Detroit and a woman in Traverse City, Mich., in connection with the \$37,632 robbery of the Houghton Lake branch of the Roscommon State Bank on Oct. 3, 1966.

At the same time, the FBI identified the woman's slain husband, an escaped Michigan convict, as the robber of the Marion, Mich. branch of the Cadillac (Mich.) State Bank last Oct. 24, when a lone gunman fled with \$15,966 after locking employees in a vault.

Taken in Detroit was William L. Carey, 30, a Detroit. Taken in Traverse City was Diane Ruth Bryan, 26, of Milwaukee, Wis., from whom agents reported recovering \$4,560 of the Marion loot. He was held in lieu of \$20,000 bond; she in lieu of \$10,000.

Neither was charged in the Marion holdup, but Paul H. Stoddard, Detroit FBI chief, identified Mrs. Bryan as the widow of Wilbur Joseph McCaulley of Milwaukee, an escaped Michigan convict who went by the name of Arthur Bryan and who was found brutally slain in a Milwaukee hotel room the day after the stickup of the Marion bank last month.

Sugar maple, beech, birch, soft maple, red oak and aspen make up 76 per cent of the total hardwood timber consumed by mills in New York state.

Charge Prison Cashier With Embezzlement

JACKSON (AP) — The long-time cashier of Southern Michigan Prison at Jackson has been charged with embezzlement.

Municipal Judge Lysle Hall set Nov. 13 as the date for preliminary examination for Charles Shean, 39, of Pleasant Lake, charged on five counts of embezzlement of funds totaling \$5,572.

Shean was freed on \$500 bond after his arraignment in connection with money missing from the treasury of the Wel-A-Vere Club, a prison employee organization which also includes benefits for inmates.

Investigators said a special audit had disclosed \$31,900 in funds were missing, back to 1965.

A prison spokesman said there was no indication of any

shortage of prison funds, which are audited regularly by the state.

The Wel-A-Vere account, which was handled personally by Shean in addition to his other responsibilities, apparently was unaudited.

Discovery of the shortage was made accidentally when the club treasurer, Bernard Peek, noted a discrepancy in bank deposit slips.

Shean, whose salary is \$8,540 annually, is responsible for all prison money. He was paid \$668 annually to act as bookkeeper and handle the club account.

The club handled about \$13,000-15,000 in monthly gross sales from the prison store, with purchases being made by more than 5,000 employees, inmates and families.

Nearly all convicts belong to

the club, which was organized in the late 1940s. They pay \$1 annual dues, and in turn receive a \$5 gift certificate for Christmas.

The club sponsors an annual summer picnic and a winter dance with 75 per cent of the store profits.

The remaining 25 per cent was to go into an inmate benefit fund to cover the costs of such items as athletic equipment, movies, music, books, pauper burials and publication of a prison newspaper.

Wife Charged In Husband's Murder

DETROIT (AP) — A murder warrant was issued Friday against Josephine Rhodes, 46, in the slaying Wednesday night of her husband, Detroit police Sgt. James Rhodes, 46. He was shot to death in his bed, Detroit police said.

A family argument was believed to be the cause of the shooting, police said. Mrs. Rhodes has made no formal statement.

Police said Mrs. Rhodes called them to the scene where they found her husband shot three times in the head and chest with a .45-caliber pistol.

Farm Bureau To Hear Dr. Peale

LANSING (AP)—Dr. Norman Vincent Peale, author of "The Power of Positive Thinking" and minister of New York City's Marble Collegiate Church, will be the featured speaker Nov. 19 at the Michigan Farm Bureau's 49th annual banquet meeting in Lansing.

PARTICIPATING IN two-day conference on developing and financing private outdoor recreation were (from left) Robert Eastman, Washington, D. C., chairman of the Division of Council Services of the U. S. Bureau of Outdoor Recreation; Russell F. Hoyer, Houghton, president of the Upper Peninsula Power Co.; M. J. Brummer, president of the First

Apollo Camera By Tech Grad

HOUGHTON (AP) — Those live television pictures you saw coming back to earth from Apollo 7 astronauts came from a camera for which a 1941 graduate of Michigan Technological University was responsible.

He is Richard P. "Dick" Dunphy, 48, who grew up in Muskegon and now is camera program manager for Radio Corporation of America (RCA).

And if all goes O.K., Dunphy says you may be seeing pictures of the moon being shot Christmas Day by the Apollo 8 crew with his 4½-pound camera which costs \$80,000 to build.

Apollo No. 8 is slated to blast off on a moon-circling flight Dec. 21.

Dunphy also is credited by RCA with development of a 17-pound portable camera used by floor reporters to televise the 1968 Democratic and Republican conventions.

A regular television camera is 85 times larger and 30 times heavier than the mini camera Dunphy developed for the Apollo flights over a two-year period. It uses only six watts of power, compared with 500 watts required by a studio camera.

Dunphy's camera does not shoot film. It telecasts direct from the scene.

Juror In Trouble For Not Showing

GRAND RAPIDS (AP) — Richard Hatherly of Grand Rapids may long rue the day he failed to show up for jury duty.

Hatherly was held in contempt of court Thursday by Circuit Judge John H. VanderWal, who ordered Hatherly stricken from the panel and announced he would pass sentence on him later.

Hatherly was one of 14 jurors chosen for the trial of three young men accused of murder and kidnapping in the death last Dec. 1 of Emil Osbeck, 61, a Grand Rapids house painter.

Their trial started Monday and is expected to last several weeks.

Hatherly called in and reported himself sick Thursday. Judge VanderWal ordered his clerk to find out the nature of Hatherly's illness and get an estimate on how long he might be absent.

Unable to raise anyone at Hatherly's home, the clerk finally called his place of employment and found Hatherly on the job. A policeman escorted him to court post haste.

Hatherly got a lecture and awaits his fate for contempt.

MSU Economist, Dr. Porter, Dies

EAST LANSING (AP)—Memorial funeral services have been set for Nov. 24 at the Michigan State University alumni chapel for Dr. Thelma Porter, professor and dean emeritus of the MSU College of Home Economics.

Mrs. Porter, 69, died Wednesday in Cleveland following a brief illness.

After heading the MSU college for eight years, Mrs. Porter retired in July, 1965. She had been named winner of the Michigan State alumni award for distinguished service in 1950 and was a member of the American Home Economics Association, American Dietetic Association, American Institute of Nutrition and the American Association for the Advancement of Science.

Private funeral services were planned in Cleveland.

White Pine Expansion Affects Company Profit

NEW YORK (AP) — James Boyd, president of Copper Range Co., said Friday he expects the company to earn slightly less than \$5 a share this year.

This was a downward revision from his prediction of earnings of slightly more than \$5 a share at the annual meeting last May.

Boyd said the change in expectations was due to the difficulty of recruiting and training the staff necessary to handle the increase in mining, milling and smelting facilities at the company's White Pine, Mich., mine.

Thirty-seven million dollar

expansion program at White Pine will increase capacity to 175,000,000 pounds of copper annually from 130,000,000 pounds.

Copper Range—the nation's seventh largest producer of copper—earned only 30 cents a share in 1967 because of the copper industry strike.

Boyd predicted that the 1968 copper production by Copper Range would be 160 million pounds compared with 138 million pounds in 1966, a nonstrike year.

Boyd said Copper Range's new \$2 million wood products plant at South Range, Mich., would be in production next

January. He described it as, "a great improvement for the economy of the Upper Peninsula." He added that with the wood products plant the company was "building a base on which we can expand."

Vatican Paper Says Ferment In Church Is Good

VATICAN CITY (AP) — The Vatican newspaper L'Osservatore Romano said today the ferment inside the Roman Catholic Church—even including the revolt of priests and nuns — is good for religion.

A comment in the daily noted that hundreds of priests had broken away to marry, that nuns had turned against the Church, that so-called "underground theology" was spreading and that churches had been occupied by protesting Catholics.

Such developments, the paper said, "have caused confusion, yes; however they have signaled the decline of that religious indifference that already a century ago had caused alarm."

The paper added: "In the over-all total, then, interest in religious things has grown. There remain only some archaic Soviet and Chinese scholars who refuse to study the problems of faith, because by now even Marxist journals and atheistic writers are increasingly dealing with religious subjects, with a seriousness and an effort to understand what 20 years ago would have seemed utopian."

Expect Approval For Apollo Flight

CAPE KENNEDY, Fla. (AP) — Apollo 8's three astronauts are expected to get approval next week for a 250,000-mile Christmas season trip around the moon.

The final word will come possibly Tuesday from Dr. Thomas O. Paine, acting administrator of the National Aeronautics and Space Administration.

Paine said the decision would be made "after a thorough assessment of the total risks involved and the total gains to be realized in this next step toward a manned lunar landing."

Other space officials have said all studies up to date indicate there is no barrier to attempting a moon orbit journey. Preparations at Cape Kennedy have been directed at a lunar orbit mission.

If the green light is given for the moon, Air Force Col. Frank Borman, Navy Capt. James A. Lovell Jr., and Air Force Maj. William A. Anders will blast off at 7:51 a.m. EST Dec. 21.

The Saturn 5 is to boost the astronauts on a so-called "free return" path which would en-

able the space travelers to come back to earth if their engine failed during the quarter-million-mile coast to the moon.

On this course, they would loop around the moon and come home without orbiting.

If all went well, the astronauts would near the moon 69 hours after launching and would fire the engine to inject Apollo 8 into an orbit ranging between 69 and 195 miles above the moon's surface. Four hours later they would change the orbit so that both high and low points would be 69 miles.

The spaceship would orbit the moon 10 times in 20 hours, with its course calculated to take it over the five sites being considered for the first manned lunar landing.

The astronauts would take several hundred pictures of the sites to give future moon explorers a closeup look at the areas they will explore, hopefully next year.

Some time Christmas morning, 89 hours after launching, the spacemen would trigger their engine to start the long voyage home, climaxed by a fiery re-entry through the earth's atmosphere and splashdown in the Pacific Ocean.

New Democratic Coalition To Meet

ST. LOUIS (AP) — Supporters of Sen. Eugene J. McCarthy and the late Sen. Robert F. Kennedy plan to meet in St. Louis Nov. 24 to lay plans for a national conference aimed at organizing to push for change in the Democratic party.

Groundwork for a group known as the New Democratic Coalition was done about two months ago at a meeting in Minneapolis.

Marvin Madeson, St. Louis coordinator in the McCarthy campaign for the Democratic presidential nomination, attended the Minneapolis meeting.

Another delegate to the meeting, Dr. William Cone, a St. Louis physician, said he sees the coalition as a haven for those who feel left out.

Cone said in his own judgment, supporters of third-party candidate George C. Wallace are not excluded from participation, in the coalition.

"My feeling is that these people have to have a place to come and talk about what's bothering them and I think they ought to be heard," Cone said.

The physician said he sees the coalition as a movement within the Democratic party, a movement for change, not for destruction.

Afghanistan's national sport, buz kashi, is a roughshod ancestor of polo.

Women's Activities

Women Luv New Recreation Center

Women's physical fitness and recreation classes—they number three already—at the Catherine Bonifas Civic Center of the City of Escanaba, are among the most active and enthusiastic groups using the handsome new recreation center facilities. Classes are pictured here doing calisthenics under leadership command. The standing group is being led by Mrs. William Courneene, pictured at right. The new recreation center has greatly expanded public interest in physical fitness courses and recreational activities, reports Paul Vardigan, acting city recreation director, by providing the facilities for such activities.

St. Thomas School To Hold Open House

Nov. 11-15 has been nationally set aside as Education Week. This is to establish a deeper and more meaningful relationship between home and school, the two most vital factors and influences in a child's life.

The faculty of St. Thomas the Apostle School has devised a series of activities in order to acquaint the parents and public of the process of education.

The public is invited to attend any of the presentations. **Monday:** Confraternity of Christian Doctrine meeting, grade 8 classroom; 7:30 p. m. This is an in-service workshop for anyone involved in CCD activities.

Tuesday: School workshop, all grades 9 a. m.-2:30 p. m. Parents are invited to witness the activities of the school day by viewing classes in session.

Wednesday: Parent groups are invited to teacher presentation of regular school day with time set aside to question any of the learning processes. Grades 5-8, 7:30 p. m.

Thursday: Procedure as that of Wednesday, grades 2-4, 7:30 p. m.

Isabella

Donald and Gloria LeGault spent the weekend in Chicago at the home of their sister and brother-in-law, Mr. and Mrs. Bruce Wagner.

Births

McMARTIN — Mr. and Mrs. Kent Martin of Cadillac, are the parents of a son born a 4 a. m. today at Mercy Hospital, Cadillac. The child, who has been named Craig Lyle, weighed 8 pounds and 5 ounces at birth. He is the second boy in the family. The mother is the former Linda Fredrickson of Gladstone. Maternal grandparents are Mr. and Mrs. Clarin Fredrickson of Gladstone and the paternal grandparents are Mr. and Mrs. Kenneth Martin of Escanaba.

MISS SHIRLEY ANDERSON, 1804 10th Ave. S., recently completed a three-week Mohawk Airlines stewardess training course at the airline's headquarters in Utica, N. Y. The stewardess course, which was taught in Mohawk's new training center, included first aid, customer service, emergency procedures and airline operations. Miss Anderson is the daughter of Mrs. Catherine Anderson, Escanaba.

Germfask

Mr. and Mrs. Howard Rojem of Detroit spent 10 days here visiting at the home of his brother and wife, Mr. and Mrs. George Rojem. Mr. and Mrs. Eldon Kelley returned from a vacation spent visiting friends and relatives in Ohio and the Lower Peninsula. Mr. Kelley had a medical checkup at the VA Hospital at Ann Arbor while there. Mrs. Melvin Borst of Millington spent two weeks visiting at the home of her daughter and husband, Mr. and Mrs. George Rojem.

Hints from Heloise

Dear Heloise:

I have four children and there have been times when we needed a vaporizer for a sick child and one wasn't available.

In an emergency, I've found that an electric skillet filled with water is wonderful. I turn the heat up high, put the lid on and open the vent in the lid.

Just be sure that it's placed away from the child so it can't be accidentally tipped over.

Sue Tischler

Dear Heloise:

The other day I was washing no-longer-needed baby blankets that I had stored in the basement. They smelled terribly musty.

As luck would have it, I was renewing the supply of moth crystals in a couple of woolen storage boxes and it hit me why not try a few of those perfumed moth crystals in the rinse water?

It worked like that fabled charm! I dried the blankets outside on the line and not a trace of the musty or crystal smells lingered.

Georgianne Fitzgerald

Dear Heloise:

Stripping the insulation from the end of a ribbon type TV antenna wire had always been a problem until an auto mechanic gave me the following tip.

Hold a lighted match to the wire! The insulation will melt off and leave the wires free and clean for attaching to the antenna or the TV.

Just watch that melting insulation—it's hot!

Mary Wood

Pamela Ten Haken And Larry Michael Day Wed

The United Methodist Church in Portage, Wis. was the setting Saturday, Oct. 12 for the wedding of Miss Pamela Lee Ten Haken and Larry Michael Day.

The Rev. Robert McKeithen performed the double ring nuptials before an altar adorned with arrangements of yellow gladiolus and bronze daisy pompons.

The bride is the daughter of Mr. and Mrs. Irwin Ten Haken, 211 Highland Ave., Portage, formerly of Escanaba and parents of the bridegroom are Mr. and Mrs. Pal Day of 502 E. Cook St.

Candlelight Satin

The bride, given in marriage by her father, wore her mother's wedding gown fashioned of candlelight satin and featuring long tapered sleeves, trimmed with lace at the shoulders and a softly flared skirt flowing into a full length train.

A circular crown of satin petals held her shoulder length English illusion veil and she carried a Dutch colonial bouquet of white daisy pompons and white Jack Frost roses with ivy greens.

Joan Jarvis served as maid

of honor for her cousin and Debra Ten Haken was bridesmaid for her sister. They were attired in floor length organdy worsted sheath gowns of deep apricot with lace trim.

Rose Headpieces

They wore matching cabbage rose headpieces with English illusion veiling and carried colonial bouquets of rust and yellow chrysanthemums.

Charles Leffingwell served as bestman and Roger Stensrud was groomsmen. Seating the guests was Bill Dushey.

Reception

The reception was held immediately following the ceremony in the church fellowship hall and daisy arrangements decorated the dinner tables.

The bride is a graduate of Escanaba Area High School and is employed as secretary at the Administration Building, Portage. He is a graduate of Portage High School and is employed at Nagle Hart Co., Madison. The newlyweds are now at home at 811 E. Wisconsin, Portage.

Church Events

DAR Meeting

Daughters of the American Revolution will meet at 2 Monday afternoon at the home of Mrs. Soren Johnson, 708 Dakota Ave., Gladstone.

Home League

The Salvation Army Home League will meet at 2 p. m. Nov. 12 at the headquarters, 112 N. 15th St. Mrs. Bertha Johnson and Mrs. Lee Seger will be the hostesses.

Past Matrons

Past Matrons of R. C. Hathaway Chapter 49, OES will meet at the home of Mrs. William Korkoshuk, 1610 10th Ave. S. at 2 p. m. Monday, Nov. 11. All past matrons are invited.

St. Thomas Guild

St. Thomas Guild will meet at St. Thomas Hall Tuesday, Nov. 12. Chairmen of the social program are Mrs. Anthony Shomin and Mrs. Mildred Kovich, St. Jude Circle and Mrs. Don Cousineau and Mrs. Gordon Nevala of St. Pius Circle. Cards will be played after the meeting.

Events

Kuples Club

The Kuples Club of Central United Methodist and Immanuel Lutheran churches will hold a joint bowling party tonight at 8 p. m., at the Bowl-a-rama. Dress will be casual. Refreshments will be served after bowling at Immanuel Church.

D. of I. Meet

The Daughters of Isabella Trinity Circle 362 will meet Monday, Nov. 11 at Teamsters Hall at 8 p. m. to install new officers. Members are asked to turn in their stamps and coupons at this meeting. Lunch will be served by Mrs. Victor Groos and Mrs. Byron Ford and their committee.

Rapid River

4-H Club

The Rapid River 4-H club will meet Monday, Nov. 11, at 7 p. m. at the Bay de Noc Elementary School. Registration for the coming year will be held.

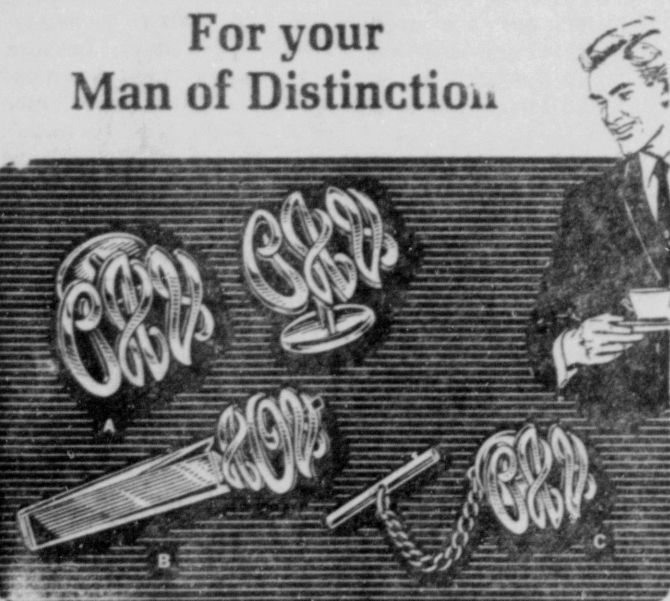

The Delta County teens leaders met at the court house last Saturday. Attending were Carol Vau, Peter Hayes and Bob Stairs. Carol Vau was selected as teen leader representative to the County 4-H council.

Briefs

Mr. and Mrs. Wayne Young have returned to their home after spending a week in Chicago.

Births

DAVIS—Mr. and Mrs. David Davis, 614 S. 11th St., are the parents of an adopted son, Christopher Daniel, born on Sept. 23. The baby is the first child in the family. Mrs. Davis is the former Sally Cretens of Gladstone.

Wendell Corey, Actor, Dies

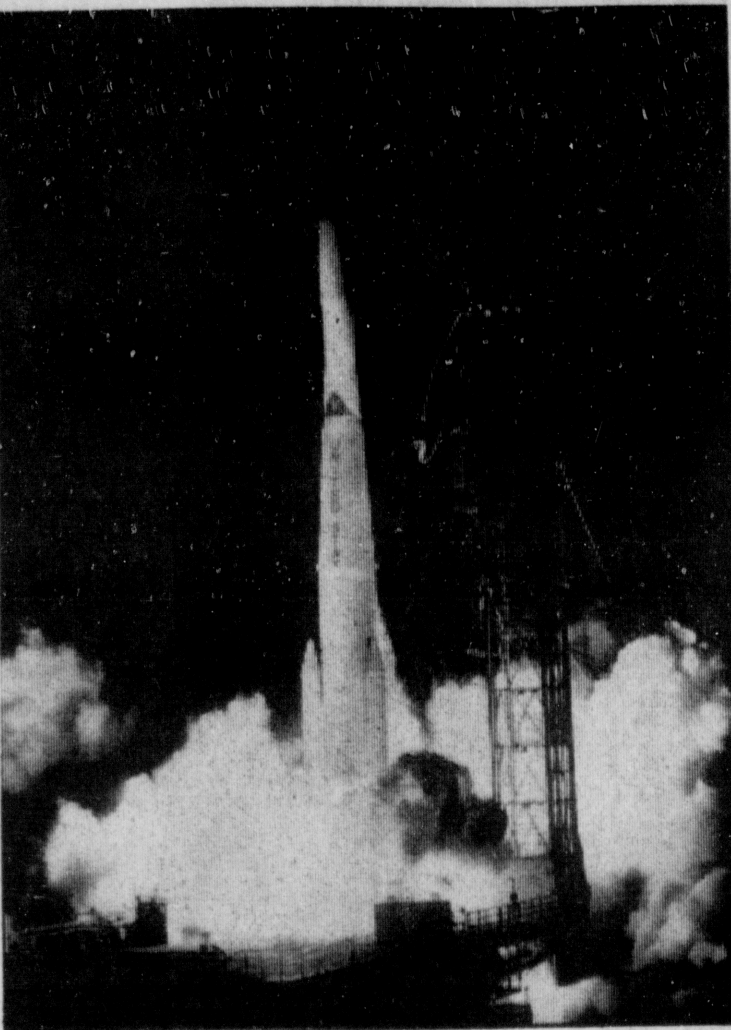

HOLLYWOOD (AP) — Wendell Corey, who was adept at playing the good guy as well as the villain in his 30-year acting career, is dead at the age of 54.

Corey died of a liver ailment Friday in the Motion Picture Hospital in suburban Woodland Hills.

Friends said he had been ill since returning two weeks ago from making a movie in Europe.

Corey's versatility marked his career on the stage, in films and on television. He played the tough detective or the sympathetic psychiatrist, the crazed killer or the devoted husband, the cynical newsman, the brutal gangster.

Corey became an active campaigner in national politics in the 1950s and was master of ceremonies at the 1956 and 1960 Republican National conventions.

THREE-STAGE DELTA ROCKET bathes its launch pad with a sheet of flame as it blasts off early Friday to propel the Pioneer 9 spacecraft into orbit around the sun to warn of solar radiation that might endanger astronauts on the moon. The rocket also kicked into earth orbit a small communications satellite for use as a practice target by the U. S. man-in-space tracking network. (AP Wirephoto)

Earth Tremors Hit Midwest

ST. LOUIS (AP) — An earth tremor shook a wide area of the Midwest today about 11:05 a.m. (CST). St. Louis police said they had unconfirmed reports that two buildings had collapsed in St. Louis.

The tremor was felt in Missouri, Tennessee, Illinois and Ohio.

The Missouri Highway Patrol said it also was felt in Michigan and Arkansas. The patrol said the tremor started at 11:03 a.m. (CST) and lasted about 30 seconds.

The patrol said some utility lines were broken in St. Louis County.

Calls flooded the Associated Press office in Kansas City, and newspaper switchboards and fire and police phones. Reports came from as far apart as St. Louis and Poplar Bluff in southeast Missouri, and Salina in north central Kansas, and Springfield, Litchfield and Sullivan in Illinois.

Large buildings swayed noticeably for about 10 seconds in St. Louis.

The Weather Bureau said the shock was felt as far south as Little Rock, Ark., and Tulsa, Okla., and Memphis. It was reported as far north as Omaha and Davenport, Iowa.

One of the heaviest earthquakes ever felt on the North American continent was at New Madrid, Mo. in 1811. That quake changed the course of the Mississippi River.

Former Aide To Dr. King Killed

CHICAGO (AP) — The Rev. Charles Billups, once an aide to the late Dr. Martin Luther King Jr., has been found shot to death in a car parked on the South Side.

Police theorized he was the victim of a robbery and it was not known whether the assailant was aware of Billups' connection with civil rights causes in Chicago and Alabama.

Billups, 41, had been shot three times in the chest when found Thursday. Police identified the body Friday by tracing the car to his family.

Sgt. Lesley Dillard said detectives are investigating the shooting under the assumption that it was a robbery since no wallet and no car keys were found. It was not immediately clear whether he had been shot in the car or elsewhere, Dillard said.

Billups was a founder of the Alabama Christian Movement for Human Rights in 1954 in his native Birmingham. King was closely aligned with this group, and the two often were involved in the same demonstrations in Birmingham in 1963.

Two Servicemen Listed As Killed

WASHINGTON (AP) — Two Michigan servicemen were among those listed Friday by the Defense Department as killed in fighting in Vietnam.

They were: Army Spec. 5 Joel Vrugink, son of Mr. and Mrs. Harley Vrugink of Hudsonville; and Army CWO Wayne M. Bell, husband of Carolyn J. Bell of rural Cassopolis. Bell had previously been listed as missing in action.

Not That Troubled

FORT WORTH, Tex. (AP) — When it appeared a man was about to jump from atop the 14-story Fort Worth National Bank Building Friday, 15 police units, a fire department hook-and-ladder unit and a chaplain roared to the scene.

Police Capt. L. E. Woods, a specialist in talking persons out of jumping off buildings, was summoned. Police learned the man was a workman waving to a police cadet not to put a ticket on his auto's windshield.

CLASSIFIED ADS COST LITTLE BUT DO A BIG JOB

October Was Warm Month

October in Escanaba was warmer than normal.

The Weather Bureau says temperatures averaged 2.1 degrees above the usual level for the month, with the highest 69 degrees on three days, the 1st, 2nd and 16th, and the lowest 29 on the 25th.

There were 2.6 inches of precipitation in the month, which was 0.5 inch more than normal. The greatest in 24 hours was on the 9th, 0.7 inch.

Snowfall was only traces on the 28th and 29th.

The weatherman said in summation: "Nothing very unusual in the weather this month." Unimaginative, we'd say!

Southern Mich. Feels Tremors

KALAMAZOO (AP) — An earth tremor was reportedly felt over a wide area of southern Michigan today.

Newspapers and broadcasting stations in Kalamazoo and Jackson said they had received numerous calls from residents reporting they had felt slight shocks.

A dispatcher in the Kalamazoo County sheriff's office said his desk shivered at about 12:05 p.m. EST, while a Detroit police dispatcher reported a similar incident.

The Weather Bureau in Detroit said an apparent earthquake hit Grand Rapids.

"The Grand Rapids Weather Bureau noticed a heaving sensation at 12:04 and 2:06 p.m.," it said.

The weather bureau added that the Grand Rapids airport tower swayed.

Townships Will Set Clocks Back

Limestone, Rock River and Mathias Townships of Alger County will change to Central Standard Time at 2 a. m. on Sunday, John Matekel, supervisor of Mathias Township announced Friday afternoon.

Matekel said that decision to move back to central time was made at a meeting of officials of the three townships and area schools earlier in the day.

Schools will be on the new time on Monday along with the rest of the townships.

Air Base Places OK On Miniskirts

SAN ANTONIO, Tex. (AP) — Maj. James J. Kelly of Lackland Air Force Base, soon to assume command of Saglek Air Station, Labrador, in January, says he will support the Saglek non-commissioned officers club's liberal ruling on miniskirts.

Officials of the tiny station's club voted to make miniskirts—and even "micro, micro" miniskirts—legal for women visitors after learning that enlisted men's clubs at Wethersfield Air Base, England, had banned them.

"Let style set the pace," said Kelly.

Only 30 women have visited the remote Labrador base in the past three years.

Expect Donnybrook In State House Of Rep.

LANSING (AP) — Democrats in the State House of Representatives, already accustomed to frequent quarrels among themselves, may stage a first class donnybrook when the Legislature convenes in January.

Although Democrats captured the chamber with a slim 57-53 majority in Tuesday's election, it is far from certain that they can amicably take over the leadership posts and set up machinery to conduct state business.

One split has already appeared in House Democratic ranks as Rep. Albert Horrigan, D-Flint, a lawmaker since 1952, declared his candidacy for speaker of the House and called on Republicans to support him.

The move was a challenge to Rep. William Ryan of Detroit, the Democratic leader of the House in 1967-68 and himself a certain candidate for the speakership.

Traditionally the majority party in the House meets in closed-door caucus to elect its candidates for the top leadership positions. Then its members stick together to vote on the floor for those candidates.

Horrigan indicated, however, that he planned to seek the top house job with Republican support. "I feel that the speaker should be elected from the floor of the House because he is going to have to have bipartisan support on legislation," he said.

The Democrats' 57-53 majority is thinner than it looks. Any two members of the party could

ESCANABA AREA JAYCEES presented the Upper Peninsula Kidney Foundation with a check for \$530.60 to assist in financing a kidney machine, a gift raised with the cooperation of the U. P. Racing Promoters who held the Jaycee-sponsored race for this purpose. Pictured (from left) are Mrs. Kenneth Carlson, receiving the check from James Orr, Jaycees president, and Rene Lippens of the Stock Car Racing Association. Appreciation was voiced to Earl Iverson and Lippens and the modified and sports car drivers who staged the benefit racing program. (Daily Press Photo)

House Demos Guard Great Society Plans

WASHINGTON (AP) — House Democrats are coupling public pledges of cooperation on vital issues with thinly veiled warnings they'll oppose the Nixon administration if it tries to scuttle some Great Society programs.

House Speaker John W. McCormack of Massachusetts said Friday Democrats "will not be a negative party, but an affirmative party."

He added that during the Eisenhower years "major Eisenhower programs were put through Congress largely by the votes of Democrats."

Four Benefit From Recipient

HOUSTON, Tex. (AP) — Surgeons transplanted the heart, one lung and two kidneys from a 27-year-old woman into four men in simultaneous operations today.

The eyes of the donor, who died following a cerebral hemorrhage, also were removed and placed in an eye bank.

A spokesman at St. Luke's Episcopal Hospital said the recipient of the heart is Andrew Perhaes, 55, of Hempstead, N.Y. The recipient of the left lung was Walter Charles Carey, 43, of Carmel, N.Y.

At nearby Methodist Hospital, the kidneys were transplanted to Edmond Johnson, 44, of Crockett, Tex., and Harry Caserta, 40, of Tyler, Tex.

All patients were reported in satisfactory condition.

The heart transplant was the 23rd in Houston and was performed by a team headed by Dr. Denton A. Cooley.

Mrs. Carey, the wife of the lung recipient, was the recipient of a corneal transplant in the past.

The name of the donor was withheld at the family's request.

senhower years "major Eisenhower programs were put through Congress largely by the votes of Democrats."

But, McCormack said in a telephone interview from his Boston office, "the election was a mandate from the American people to support continuance of programs" enacted under Presidents Kennedy and Johnson by Democratic congresses.

Democrats suffered a net loss of four seats, giving them a 243-192 majority in the coming 91st Congress.

Set For Attacks

Although the Democrats don't know just what changes, if any, President-elect Richard M. Nixon may propose, they are gearing for attacks on the antipoverty program, aid to education and legislation dealing with urban affairs.

Rep. Carl D. Perkins, D-Ky., chairman of the Education and Labor Committee, which is likely to be a major battleground in such a fight, sounded the keynote Friday.

"We'll cooperate with Mr. Nixon in any constructive proposals, but I don't intend to sit back and see the things we fought so long and hard for go down the drain," he said in an interview.

The same approach on a broader scale is being worked out by the Democratic Study Group, a loosely-knit organization of liberal and moderate Democrats that functions independently of the regular House leadership.

Rep. James G. O'Hara, D-Mich., DSG president, said he will meet with other leaders of the group next week for a preliminary discussion of the situation.

Job Corps Target

"We'll have to figure out where our strength is and where we should make our stand," said O'Hara in contemplating a Nixon blow at Johnson administration programs.

Perkins and O'Hara both expect the Job Corps program for training high school dropouts to be a prime target of the new administration. Nixon was critical of the Job Corps in his campaign speeches.

House Republicans have fought the Job Corps for years, calling it a wasteful program whose aims could be reached better through existing vocational education training centers. The 90th Congress ordered a study made of the feasibility of such a switch.

Another area of attack expected by the Democrats is in the program of direct federal grants to school districts. The Republicans favor funneling the money to the states instead of the local districts and Nixon has endorsed such an approach.

O'Hara said he also looks for Republican attempts to eliminate the National Labor Relations Board and to add new restrictions on union activities to the Taft-Hartley Act.

The possibility of a running battle between Congress and the White House is not dismaying to the Democrats at this stage.

"It looks like an interesting session," said O'Hara. "I'm looking forward to it."

Gun Dealers To Face Paperwork

WASHINGTON (AP) — The nation's gun dealers face even more paperwork when selling firearms and ammunition after Dec. 16 than Congress called for in the Gun Control Act of 1968.

The statute as it passed Congress requires that dealers record the name, age and address of every purchaser of a gun or ammunition.

The Internal Revenue Service charged with enforcing the law, says in proposed regulations issued this week that the information is enough for ammunition purchasers, but not for buyers of weapons.

When selling a gun, storekeepers must also record place of birth, height, weight and race.

The proposed regulations will go into effect with the law Dec. 16 unless the IRS changes them.

The dealers also will occasionally have to do a little over-the-counter lawyering.

The new law prohibits selling a weapon to a person from another state, unless it's an adjoining state.

Even then the sale is permissible only if the dealer knows a similar sale back in the buyer's home town would not be against the laws of his state or a county or municipal ordinance.

To guide them through this job thicket, IRS will furnish every licensed dealer with an IRS-produced book that is touted as an encyclopaedia of every weapons law and ordinance in the country. Estimated thickness: 200 pages.

Germfask

Mr. and Mrs. Edward Archey and family of Claire visited relatives and friends here and took his mother, Mrs. Alice Archey to their home for a visit.

Mr. and Mrs. James Alexander of Dearborn brought her father, Charles Holbrook, who has been a patient at the University Hospital at Ann Arbor, to his home here.

Mr. and Mrs. Charles Burton returned from a weekend of pheasant hunting in Lower Michigan.

Mr. and Mrs. Harold Ackley and family of Walled Lake spent the weekend at their home here.

Mr. and Mrs. Francis Crockett traveled to Flint where they visited their son, Robert who is attending school there.

Board To Meet At Cornell

The Escanaba Area Board of Education will take its regular meeting Tuesday to the Cornell School.

The meeting at 8 p.m. will be the second at township schools as part of the school board's new policy of rotating meeting places to give residents of the district a better opportunity to meet with the board.

Agenda for the meeting released by Supt. Luther M. Barrett included only four items of new business listed for action and seven discussion items from the superintendent.

The Board is expected to approve routine payment of accounts, consider hiring of two new teachers, approve a write-off of a hot lunch deficit being carried and consider contracts for snow plowing at rural schools.

Residents from the Cornell area will be given an opportunity to bring up any other matters they wish to discuss with the Board of Education.

Convict 'Past' Mafia Leader

DETROIT (AP) — Reputed Mafia leader, Anthony "Tony Jack" Giacalone, was convicted Friday of the illegal possession of a blackjack, a felony carrying a maximum prison sentence of five years.

An attorney representing Giacalone said the conviction will be appealed. Judge Joseph Moynihan of the Wayne County Circuit Court raised bond from \$1,000 to \$5,000 after finding Giacalone guilty. He did not announce a date for sentencing.

Giacalone was arrested at his home in Grosse Pointe Park May 14. The blackjack, testimony revealed, was found in a closet in the plush home along with several guns. Before announcing his verdict, Judge Moynihan criticized police who made the arrest for breaking down Giacalone's door to gain entrance.

He was originally charged with conspiracy to commit extortion. That case is still pending.

'Faith Healer' Nabbed By FBI

SAN FRANCISCO (AP) — Self-styled faith healer Anthony Agpaoa, known as "Dr. Tony" by a group of Michigan residents who went to him for "open surgery" without medical instruments in the Philippines, was arrested Friday in San Francisco.

Agpaoa, 28, of Bagio City in the Philippines, was charged by the FBI with unlawfully transporting about \$72,000 in travel and expense funds from Detroit-area banks to a bank in Toronto, Ont.

The FBI said a number of Detroit-area residents contributed travel funds "on representations made by Agpaoa that they could be cured of certain ailments."

"The individuals in question allegedly submitted to treatment by Agpaoa and subsequent medical examination by private physicians disclosed the cures promised were not effected," said Paul H. Stoddard, chief of the Detroit FBI bureau.

City Strike Ends At Kalamazoo

KALAMAZOO (AP) — Some 250 striking City of Kalamazoo employees will return to work at 7:30 a.m. Tuesday with resumption of new contract negotiations between the city and American Federation of State, County and Municipal Employees.

Union employees walked off the job Oct. 16 in a dispute over wages. Supervisory employees have maintained essential services since.

An impasse had existed over the past two weeks, the city refusing to bargain until workers returned to their jobs and terming the strike illegal. Strikers refused to return until negotiations were resumed.

Striking personnel are employed in the public works, parks, water, airport and traffic engineering departments. Their union is Local 1677. The old contract expired last Oct.

The city agreed employees will have protection of the old contract while further negotiations are going on.

Briefly Told

The Business and Professional Woman's Club will meet as usual on Tuesday evening next week. A headline in Friday's paper inadvertently listed the meeting for Monday.

More people get more news from newspapers than all other sources combined.

OUR BOARDING HOUSE with Major Hoople

OUT OUR WAY

by J. R. Williams

ESAD, FATHER, WHY DIDN'T YOU CONFIDE IN ME ABOUT YOUR PLANS? I COULD HAVE SAVED YOU SOME SAGE ADVICE!

ADVICE? LET'S FACE IT, AMOS, THE SWINGIN' LIFE JUST ISN'T YOUR BAG! BUT AFTER SANDY AND I MADE THE SCENE SHE GOT THE PART EASY—SHE'S STARSVILLE NOW!

I THINK HE'S TRYING TO TELL US SOMETHING!

LIKE HE'S NOT MARRIED!

A PLAY FOR SANDY

THAT'S THE LAST TIME I'LL EVER EAT OUT WITH YOU! WHAT ATROCIOUS MANNERS--AND DON'T THINK I DIDN'T SEE YOU PICK UP A DIME OF THE TIP I LEFT! AND SWITCHING LEFTOVERS FROM ANOTHER TABLE TO PUT IN THE DOGGIE BAG! WAIT! MOTHER HEARS ABOUT THIS!

I KNEW I'D GET CHEWED OUT FOR SOMETHIN' OR OTHER! THAT'S WHY I SUGGESTED WE EAT AT SEPARATE TABLES--TO KEEP YOUR BLOOD PRESSURE DOWN!

THE LONG VOYAGE HOME

YOU LOOK KIND OF DEPRESSED, CHARLIE BROWN.

I WORRY ABOUT SCHOOL A LOT...

I ALSO WORRY ABOUT MY WORRYING SO MUCH ABOUT SCHOOL...

MY ANXIETIES HAVE ANXIETIES

I WANT HIM!!

AND I DESERVE HIM!! I'M THE RICHEST KID IN THE WORLD...

—SO DON'T JUST FLOAT THERE!! DO SOMETHING!!

THERE'S ONLY ONE THING TO DO—

I'M GOING TO HELP ISAK BRING IN HIS SEAL... YOU CAN WAIT HERE AT THE IGLOO!

COME, AMAROK, WITHOUT YOU THOSE TWO WOULD BE FOOLISH TO TRY TO TAKE OFF WITH THE SLED!

NOW'S OUR CHANCE, MARLOW... WE'LL MAKE IT WITHOUT A LEAD DOG!

THE BORN LOSER

HAIRCUTS ARE GOING UP AGAIN!!

MAYBE I'LL DO LIKE THE KIDS ARE DOING... KISS THE BARBER GOODBY!

HE'S NOT THE ONLY ONE YOU'LL BE KISSING GOODBY!

IS IT STILL COMING DOWN?

I'LL SEE

YOU WON'T BELIEVE THIS, BUT IT'S COMING UP TOO

DAGWOOD HAS BEEN WATCHING FOOTBALL GAMES ON TELEVISION SINCE EARLY THIS MORNING

SO HAS HERB... HE HASN'T SAID A WORD TO ME ALL DAY

WELL, AT LEAST DAGWOOD HAS SAID ONE WORD

FOOD!

KANSAS CITY, Mo. (AP) — The fiberglass windows, eight of them ranked on an upper level and 18 below, look dull black on the outside, spilling a rainbow

Iron Mt. Dealer Awarded \$450,000

CHICAGO (AP) — Fontana Aviation, Inc. of Iron Mountain, Mich., was awarded a \$450,000 judgement Friday by a jury innu U.S. District Court.

The jury's action came at the end of a five-week trial of a suit by Fontana against Beech Aircraft Corp. and its Rockford, Ill., distributor, Hartzog-Schneck Aviation, Inc.

The suit alleged that the defendants conspired to prevent Beech dealers from selling Beech heavy twin-engine planes or other corporate aircraft.

Fontana Aviation said it re-a Beech dealer, said the distributor threatened to terminate its dealer contract in January 1966 unless it agreed to restrict its sales efforts to single-engine Beech planes in certain counties in Michigan and Wisconsin.

Fontana Aviation said it refused to accept the limitation and its contract was canceled.

The suit had sought \$750,000 damages.

Foreign Plants

COPENHAGEN (AP) — Dow Chemical Co. of Midland, Mich., plans to build factories in Denmark and Southern Sweden, a company spokesman said.

The Scandinavian representative of the company said the Swedish and Danish plants will act as satellites of facilities being built in Stade, West Germany, near Hamburg. The Stade plant will use chlorine as its main raw material.

GLADSTONE

Parents Invited To Open House

Child's Welfare Club To Meet

Central PTA of the James T. Jones School invites the parents to visit the school during open house on Monday evening from 7:30 to 8:30.

Following the open house there will be a short business meeting. This will be the final meeting for the Christmas wrapping paper sale project.

Hostesses for the lunch will be the mothers of the four kindergarten classes.

The Child's Welfare Club will meet at the home of Mrs. Edmond Stevens, 1617 Lake Shore, Monday at 8 p.m. Mrs. Wallace Cameron will show slides of her trip to Russia.

Mrs. Stevens and Mrs. Robert Heynssens are co-hostess for the evening and will be assisted by Mrs. Paul Stock, Mrs. Francis Cannon, Mrs. Milburn Nolan, Mrs. C. C. White, Miss Inez Nyberg, Mrs. Glenn Nelson, Mrs. Irving DeRoock, Mrs. Joseph Bal, Mrs. Loyal Hanson Jr., Mrs. Zola Beauchamp and Mrs. John Gustafson.

Personals

City Commission, School Officials To Talk Safety

Mr. and Mrs. Wilbur Cowell and son, Richard, of Kipling Mid. Rte. have returned from a ten day trip to Sherman, Tex., where they visited their son and daughter-in-law, T/Sgt. and Mrs. Daniel Cowell and family. En route they visited in Chicago with Mrs. Cowell's brother, Harry Stocks, and visited friends in O'Fallon, Mo.

The City Commission will confer with representatives of the Gladstone Board of Education and the All Saints' School Board in regard to child safety in school areas when they meet at 7:30 p.m. Monday at the City Hall.

Other items to be considered include a public hearing on curb and blacktop on 17th St. from Michigan Ave. to Dakota Ave. and a resolution providing the notice of sale for water filtration plant bonds.

U.S. Favored In Cup Match

SAN JUAN, P.R. (AP) — Premjit Lail, India's No. 2 player, faced the booming service of U.S. star Arthur Ashe today in the opening singles match of the Interzone Davis Cup finals, with the heavily-favored American team expected to breeze into next month's Challenge Round against Australia.

Ashe, 25-year-old U.S. Open champ from Richmond, Va., was a top-heavy choice to handle Lail, 27, and Clark Graebner of New York also was favored over India's ace, Ramanathan Krishnan, in the day's second singles test.

Stan Smith and Bob Lutz, both of Los Angeles, were expected to go against Krishnan and Jaidip Mukerjee in Sunday's doubles match, with Ashe taking on Krishnan and Lail meeting Graebner in the final two singles pairings Monday.

The Americans, bidding for their first challenge in Australia since 1963, when they last captured the Cup, were confident of a strong sendoff in the singles competition.

Social

Brampton PTC

Brampton Township School PTC will meet at the Brampton Hall Monday at 8 p.m. A program will be presented at the close of the meeting and refreshments will be served by Mrs. Pat Broeders, Mrs. Dayton Dahn and Mrs. William Dahn Jr.

Augenstein Says Party Ticket Influences Choice

BATTLE CREEK (AP) — A Democratic sweep of state education posts in Tuesday's election prompted a Republican incumbent Friday to call for a change in selection methods.

"It is now clear that the statewide education candidates sink or swim according to what happens to the top of their party's ticket," said Leroy Augenstein, one of two Republicans on the eight-member state board.

"For example, in 1964 all 14 Democrats were swept in by the Johnson landslide; in 1966 all eight . . . Republicans rode in with Romney; and now Tuesday again all eight Democrats were pulled in by Humphrey's win in Michigan."

Augenstein's comments were included in a speech prepared for delivery to the Junior League and American Association of University Women meeting at Battle Creek.

Honorary Degree To Dr. Barnard

HOLLAND (AP) — Famed South African surgeon Dr. Christiaan Barnard, who performed the first successful human heart transplant, will receive an honorary Doctor of Science degree Nov. 23 at Hope College. The 45-year-old doctor will deliver a speech at the college.

New Director

GRAND RAPIDS (AP) — A 35-year-old West Virginia Negro, Franklin Gordon, has been chosen director of the Grand Rapids Community Relations Commission, it was announced Friday by City Manager Julian Orr.

Gordon comes to the \$11,700-a-year job from two years as a field representative for the West Virginia Human Rights Commission.

The atomic number of an element is based upon the number of protons found in the nucleus of the atom.

IN THE CENTRAL HIGHLANDS of South Vietnam, a Montagnard tribesman leaves his traditional village on his private elephant, with a two-year-old female offspring trotting alongside. The man and 200 other residents had returned to their village after three months away to harvest the rice crop, part of which is in the bags on the elephant's back. The villagers had been forced from their homes by Viet Cong activity in the area. They now live 12 miles away. (AP Wirephoto)

Card of Thanks

Lepisto

We wish to thank the Rock Public School employees, the Chapel Ladies Aid, the pull-bearers, those who offered the use of their cars, those who donated food, served, and cleaned up, those who gave flowers, sent cards and girls, the comforting words and lovely music provided by the Don Yeavons, and anyone who helped in any way at the funeral of our beloved mother and grandmother, Marie Josephine Lepisto. Special thanks to Clara Kuminen, R.N., for her kind attention and care and, also, to the Drs. John LeMire, James Dehlin, and all the staff at the St. Francis Hospital and the Anderson-Johns Funeral Home.

New Director

GRAND RAPIDS (AP) — A 35-year-old West Virginia Negro, Franklin Gordon, has been chosen director of the Grand Rapids Community Relations Commission, it was announced Friday by City Manager Julian Orr.

Gordon comes to the \$11,700-a-year job from two years as a field representative for the West Virginia Human Rights Commission.

The atomic number of an element is based upon the number of protons found in the nucleus of the atom.

Library Services Shared By All Of Delta's People

By CLINT DUNATHAN

A new and cooperative concept in library service that brings "particular benefit to some 12,000 Delta County persons previously without community access to a public library is now in operation.

The county-wide library service, announced by the Escanaba Public Library Board of Trustees, was the result of cooperative action by the Escanaba Library Board and the County Library Board, and it went into effect July 1.

Cooperation was achieved through contracts. The Delta County Library Board, of which Mrs. Dorrine Anderson is chairman, turned over to the Escanaba Library its share of county penal fines. Because the penal fines did not equal the required three-tenths mill of the state equalized valuation for rural Delta County, the County Board of Supervisors appropriated the funds necessary to reach minimum requirements.

Library Stations

In return, the Escanaba Public library provides free library service to all, and through its membership in the Mid-Peninsula Library Federation, the resources of all public libraries in Alger, Dickinson, Iron, Menominee and Schoolcraft counties became available to Delta County residents also.

For the convenience of patrons residing in the Gladstone area, the Escanaba Public Library entered into a contractual arrangement whereby the Gladstone School and the Public Library there are also open to all county residents, reports R. W. Secord, Iron Mountain, librarian for Mid-Peninsula Library Federation and the Escanaba Public Library.

"In addition, small library stations have been established in Ford River, Garden, Nahma, and Stonington for persons unable to visit the two main libraries," Secord added. "A station is also being considered for Perkins. Bark River will be served contractually by the Menominee County Bookmobile."

The library could be opened as soon as space is made available in the township hall. The townships provide the space and the Escanaba Public Library supplies all of the books and the services of the librarian.

Schedule In County

Here's the present schedule for the several library stations in the county:

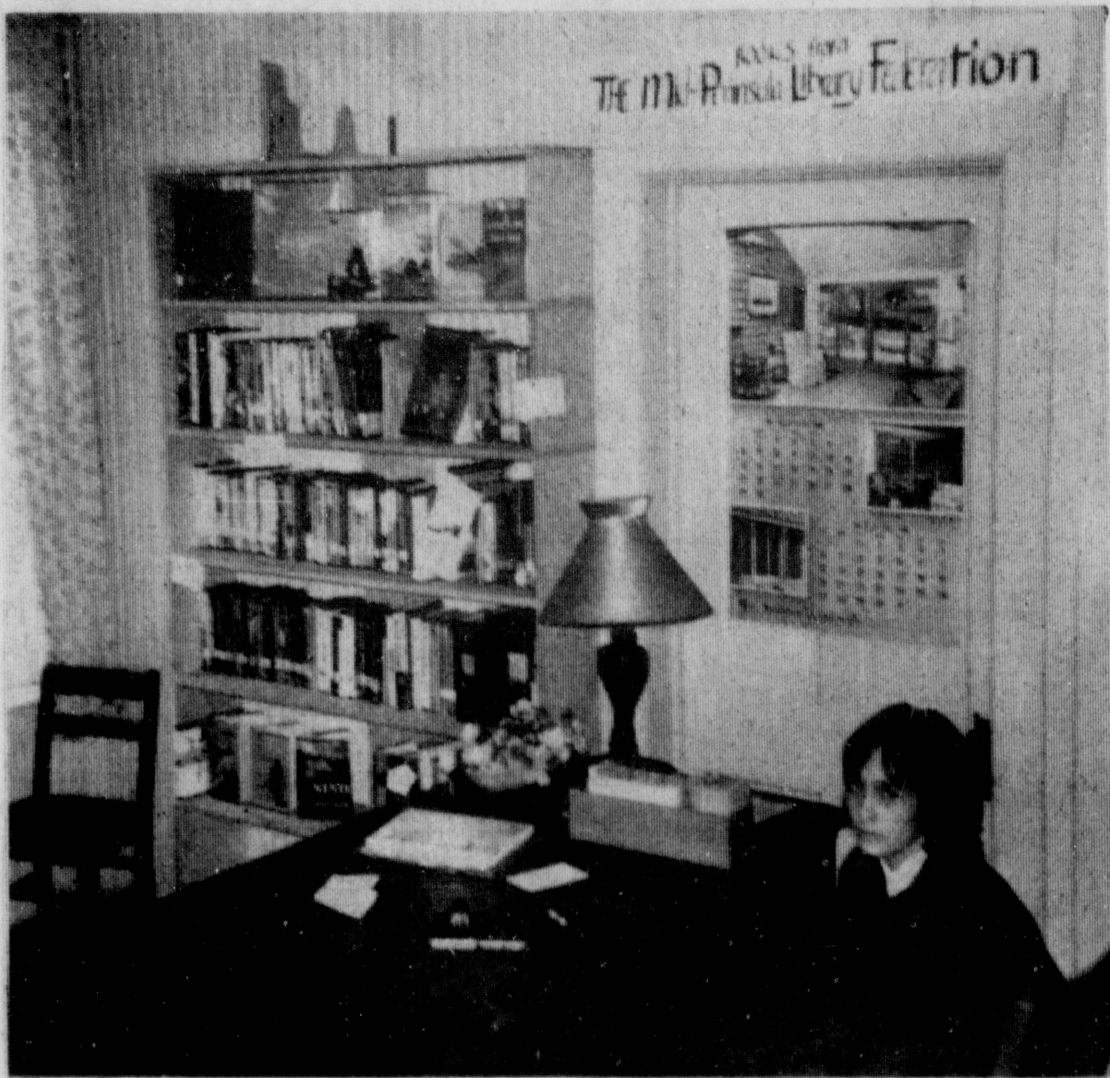

Ford River — Township Hall. Mrs. Karen Ratcliffe, librarian. Monday, Wednesday, Friday, 5:30 to 8 p. m.; Saturday, 1-5 p. m.

Garden — Township Hall. Mrs. George (Margaret) Coppess, librarian. Tuesday, Thursday, 5-8 p. m.; Saturday, 1-5 p. m.

Stonington — Community Hall. Mrs. Marie Pedersen, librarian. Tuesday, Thursday, 5-8 p. m.; Saturday, 1-5 p. m.

Nahma — Community Hall. Miss Carol Anderson, librarian. Thursday, 7-9 p. m. The hours here are to be increased as soon as possible.

Bark River — Bookmobile service located in the parking

PUBLIC LIBRARY SERVICE is now available throughout Delta County, with the eastern section of the county (particularly the Garden Peninsula) served by facilities in the Township Hall at Garden. The hours are Tuesday-Thursday from 5 to 8 p. m. and on Saturday from 1 to 5 p. m.

lot near the railway depot. Every fourth Friday, 3-5 p. m.

The books in the library (station collections, they're called) consist of 500 to 800 volumes on all subjects of interest to adults and children. Secord reports.

Permanent Service

"An exchange of new books is made monthly, and librarians are encouraged to request books not in the station collection from Escanaba or the Mid-Peninsula Library Federation," he continued. "In this way, the total book resources of the area are available to all residents. State patrons also have free use of all Federation 16mm sound films."

The contract between the Escanaba Public Library and the Delta County Library Board "is the first step in what is planned to be permanent county-wide library service," Secord said. "This will require either the reorganization of the Escanaba Public Library into a Delta County Library, or a long-term contractual arrangement that will provide for bookmobile service throughout the county."

Secord serves as librarian for some of the libraries within the federation because of the shortage of qualified librarians — "not because I'm looking for additional responsibilities," he said.

Africa To Michigan

The Library Federation is comprised of six counties (Delta, Alger, Dickinson, Iron, Menominee and Schoolcraft) and was organized in February 1966. The federation headquarters is in Iron Mountain, where a new Dickinson County library (aided by federal grant of 66 per cent of the total cost) is being completed at a cost of a little over \$400,000. It replaces a Carnegie library built in 1906.

Born in Midland, Mich., 45 years ago, Secord received his masters degree in library services in 1950, was employed in public libraries in Detroit, Dearborn, Mich., Twin Falls, Idaho, where he was head librarian, as he was also at Umatilla County Library, Pendleton, Ore.

He served in the cultural army of the State Department from 1957 to 1966; was regional librarian for Lebanon, Jordan and Syria; and was transferred to West Africa where he was head librarian for the French speaking countries, with headquarters in Dakar, West Senegal.

From Africa he came to Michigan's Upper Peninsula and besides directing the Mid-Peninsula Library Federation, he serves as librarian for the Dickinson, Menominee County, and Escanaba Public Library. He is married and lives in Iron Mountain.

In Service

Boatswain's Mate Second Class Dallas R. Buckley, USN, 25, son of Mrs. Susie Mildred, 1412 2nd Ave., N., Escanaba, is serving aboard the radar picket destroyer USS Frank Knox at San Diego, Calif. His ship, a unit of Destroyer Squadron 17, was awarded the Battle Efficiency "E" for attaining the highest evaluation in yearly fleet competitive exercises.

FIRST FOR FEMALES

Georgia Female College, Macon, Ga., established in 1836 and now known as Wesleyan College, was the first college in the world chartered to grant degrees exclusively to women.

MRS. GEORGE COPPES, librarian at Garden, checks out books for some of the library patrons. (Photos by Mrs. Eleanor LaButte)

Consumers Power Co. Asks 14 Pct. Hike

LANSING (AP) — Consumers Power Co. Thursday asked the State Public Service Commission for a 14 per cent increase in natural gas rates and a 10 per cent increase in electric rates.

John Klueberg, consumers vice president, said the increases are needed to offset continued high costs of doing business.

Klueberg said the utility ex-

pects a \$28.79 million deficit this year on its electric service and a \$29.02 million deficit on gas sales.

The increases, he said, are the minimum required to permit the company to earn a reasonable rate of return on its investment in utility facilities and to attract capital necessary to build additional facilities to meet customer demands.

The rate hikes, Klueberg said, are based upon a 7.5 per cent rate of return on the company's depreciated original cost base.

Klueberg said the utility plans a \$1.27 billion construction program through 1972. About two-thirds of this amount will have to be financed through the sale of securities, he said.

In order to sell the securities, Klueberg said, earnings over the period must be sufficient to maintain the confidence of present and new investors.

The hearings were adjourned until a later date, not yet set. Commission experts and others interested then will be given a chance to cross-examine company witnesses.

The commission is not expected to make a decision on the rate increase proposals until December or the first of next year.

Dean Appointed At Michigan Tech

HOUGHTON — Dr. David G. Geddes, 45, of Brigham Young University, Provo, Utah, has been named dean of the college of science and arts at Michigan Technological University.

The new post was created this year when the MTU Board of Control established a college of engineering, a college of science and arts, and a school of forestry, with the department of engineering and business administration remaining as a separate department.

Dr. Geddes has had nine years of college administrative experience at Brigham Young, six in his current position of chairman of the department of physical education (men) and three as chairman of the department of health. He will assume his new duties March 25.

Killed At Play

PONTIAC (AP) — Mark L. Wells, 13, was shot and killed Thursday while playing with his brother, Jay, 14, at their home in Independence Township, near Pontiac. Oakland County sheriff's deputies said the older boy pulled the trigger on a rifle he didn't know was loaded. They are the sons of Austin Wells Jr.

Botulism Cited In Loon Dieoff

LANSING (AP) — Botulism, a form of food poisoning, is causing a loon dieoff on Lake Michigan, reports the State Conservation Department. The department counted 225 dead loons along a seven-mile stretch of Lake Michigan shore in Schoolcraft County in mid-October. The kill is not expected to be as serious as dieoffs in 1963 and 1964, when more than 3,000 dead birds were counted each year.

Doggone Vote Is Worthless

NEWBERG, Ore. (AP) — They are planning a new dog control vote in Newberg.

The ballot last Tuesday carried this question:

"Check one:
"For dogs running at large—

Yes.
"Against dogs running at large—No."

The no box was checked by 1211 voters, the yes box by 437.

But City Atty. George Layman said: "The votes do not mean a thing. No matter how residents voted, they were in favor of dogs running at large."

"The ballot must have been written by a dog lover."

Longer Sailing

CLEVELAND — If weather permits, 6 of U. S. Steel's Great Lakes Fleet vessels will continue sailing until the end of the year, or even longer. Present plans call for these vessels to transport taconite pellets from the Head of the Lakes to Lower Lakes' ports.

Garden Peninsula

Charlotte Stellwagen has returned from a 10-day vacation trip to New Jersey with her sister, Pauline Weaver.

Many thanks to all who supported me in Tuesday's election. Your votes of confidence are much appreciated.

William J. Cowman
Schoolcraft County
Treasurer

MANISTIQUE County, City To Turn Clock Back

Central Standard Time becomes the official time for Schoolcraft County at 2:01 a.m. Sunday as area residents turn their clocks back — the result of an official joint recommendation of the Board of Supervisors and the Manistique City Council issued Friday afternoon.

Mayor Leo DeMars and County Board Chairman Joel Carley announced jointly Friday afternoon that "with great reluctance, and to avoid any further confusion, the Council and Supervisors have agreed that the County should regulate itself to Central Standard Time."

Even though the county is "switching without fighting," Carley added that he intends to take up the time matter with the Upper Peninsula Supervisors Association, get out petitions, attempt to secure a public hearing and change the sec-

tion of the Uniform Time Act (a federal law) as it applies to the U.P.

He also said that undoubtedly the time problem would be discussed with the county board on Nov. 19.

There is no recourse through the state legislature since the time referendum (Proposal No. 2) was approved in the general election. This action (whereby the electorate petitions to allow a decision on legislation) voided public Act No. 6 of the State of Michigan which would have exempted the state from the uniform Time Act.

Prosecuting Attorney Gottfrid S. Johnson concurred with the joint statement of Council and Supervisors in a meeting at the Court House Friday to decide the issue.

Carley said he had polled eight of the 13 supervisors, including the five city councilmen sitting on the Board, and the consensus was that the county should turn back its clocks Sunday morning "since there seems to be no legal choice."

Supt. Edwin E. Wuehler of the Manistique Area Schools said schools will begin operating on CST and business and industry is also following the recommendation.

The only problem remaining to be solved seems to be that of the shift worker at the Inland Lime and Stone Co., who will report for work at 12 midnight Saturday, work two hours, gain an extra hour when the time changes and will have clocked nine hours of work when the shift closes at 8 a.m.

Church Events

Zion Lutheran

The Luther League will hold their annual "Scavenger Hunt" for Lutheran World Relief on Monday, Nov. 11 from 7-8:30 p.m. Children's clothing, blankets, quilts, and other used clothing will be collected so that new quilts can be made. The Leaguers will call on as many homes as possible in the parish to receive the contributions. Additional contributions may be brought to the church at any time. The Church Council will meet Tuesday, Nov. 12 at 7:30 p.m. in Augustana Hall. All members are urged to attend.

Isabella

Birth

Mr. and Mrs. Gary Larson are parents of a son born at St. Francis Hospital. He weighed 8 pounds 6 ounces. Mrs. Larson is the former Sheila Wilson. Mrs. Emily Larson is the paternal grandmother and Mr. and Mrs. Kenneth Wilson the maternal grandparents.

Schafer Cited By State Police

Ricky Schafer, 20, of Nahma was cited for failure to stop and identify himself following a property damage accident on Wednesday by troopers of the Michigan State Police. The auto driven by Schafer ran off the left side of the road and struck a mailbox on County Road 483 at 8:30 p.m.

State Police also reported a car driven by Wilmer Zuehlendorf of Gulliver struck and killed a deer which jumped in front of his car. The mishap occurred on County Road 432 in Mueller Township at 2:45 p.m. on Nov. 7.

Knights Hold Memorial Service

The annual Memorial Service for all past Knights of Columbus members, Council 2026, will be held after the 8 o'clock Mass on Sunday at the K of C Hall, River St.

The following members will be included in this year's Memorial: Fred Gorsche, George Farley, Charles Havlichek, and Donald Messier. The public is invited to attend the service, especially the families of the deceased.

Coffee and rolls will be served preceding the service. A good turnout of Knights is requested.

Briefly Told

Elkettes will meet Monday night at 8 in the Elks Temple. A good turnout is desired.

Fairview, Doyle, Central and Hiawatha schools hot lunch menu for Monday will include baked fish squares, whipped potatoes, cole slaw and tartar sauce, homemade bars and juice.

Although I was not opposed for reelection as Schoolcraft County Drain Commissioner, I wish to thank all those who voted for me Tuesday. Your support is much appreciated.

Archie J. Carpenter

Study Of Courts Discussed By Voters League

The League of Women Voters of Escanaba will discuss Michigan courts at its meeting next week.

Mrs. Walter Kulik, courts study chairman, will review the history of the court system, jurisdiction, and the juvenile code. She will also discuss the Gault case which involved a 15-year-old boy who was taken into custody on a charge of making lewd remarks over the telephone to a neighbor. He was subsequently committed as a juvenile delinquent to a state industrial school for six years.

The Supreme Court of the U. S. decided that courts must adhere to basic judicial procedures in juvenile hearings, thus guaranteeing juveniles the same rights as adults to due process of law.

During the past two years the League has been studying Michigan courts as they relate to children and juveniles. This fall the League will conclude its study. Other members of the court study committee include Mrs. Roland Berry and Mrs. Louis Gregory.

Mrs. Frank Neumeier will discuss the 50th anniversary celebration of the founding of the League of Women Voters which will be held next year. The meeting will take place at the home of Mrs. N. L. Lindquist, 1815 Lake Shore Drive on Monday, Nov. 11 at 8 p. m.

Mrs. Harold Simonsen, who recently transferred her League membership from Virginia, Minn., to Escanaba, has been appointed Bulletin editor. Mrs. Simonsen has been a League member for six years.
